## AIRSHIP FLIGHTS AT HORSE SHOW

Contract is Signed With Henry B. Marks For Six Performances And Fireworks at Night

ALL FREE ATTRACTIONS

Industrial Parade Committee is Obtaining Signatures by Wholesale For Big Pageant

Six airship flights and four nights of fireworks are the free attractions which will be offered at the annual fall festival and horse show here the week of October 25-30.

The free attractions committee has just signed a contract with Henry B. Marks to bring the airship and fireworks. The committee has been bargaining with Mr. Marks for several days in an attempt to reach an agreement.

The airship flights will take place Tuesday, Wednesday and Thursday of the last week in October, two each day. The contract calls for one flight in the morning and one flight in the afternoon of each day, with fireworks each night of Tuesday, Wednesday, Thursday and Friday. The fireworks will probably be given at Edgewater Park.

The contract with Marks also calls for 10 concessions, 2 of which will be a ferris wheel and merry-go-round. The other concessions will not be anything of the sort which will conflict with local business men.

The high class of the free attractions is expected to make the festival and horse show this year the best one ever held. Last year new attendance records were set and the event assumed larger proportions than ever before, but this year, various committees in charge are determined to make it by far the best one.

Early indications are that the horse show will attract wider attention than it did last year. W. S. Oneal, manager, has received inquiries from many parts of the state and some from outside the state concerning the horse show. The class of the entries will be higher and the competition keener than ever before in the history of all of Rushville's horse shows.

The industrial parade committee is at work early this year in an effort to bring out a larger number of shows for the parade than last year, when the first one was held. It was last year that the industrial parade got a firm hold and became an established part of the horse show.

The industrial parade committee has been obtaining the signatures of business men who will enter the parade. So far practically every business interest seen has promised to go into the parade. This means that there will be many things represented in the parade this year that were not in last year. At that time the parade was such a success that those who did not get into it regretted that they had not. But this year they are not going to overlook the chance.

Mr. Marks, who will be in charge of the free attractions, was the manager for Col Paul Peek when the latter made an airship flight here three or four years ago. That was the only time that an airship was ever seen here. Mr. Marks was the managing director of Kokomo's \$100,000 industrial exposition recently and is now engaged in managing a similar exposition at Gary.

### FELLOWCRAFT DEGREE.

The Masonic lodge will have work in the Fellowcraft degree on Tuesday evening at seven-thirty o'clock. A full attendance is urged.

## AUTOMOBILE TURNED OVER

But Herbert Meek And Lawrence Root Escaped Injury

A touring car owned by Herbert Meek of Greensburg was slightly damaged Sunday afternoon when it turned over south of New Salem. The accident is said to have been caused by a loose steering knuckle. Meek was accompanied by Lawrence Root. The driver lost control of the machine and it turned over in the ditch. The occupants escaped by jumping and were not injured. They stated that the car was not traveling at a high rate of speed when the accident occurred.

## FINE PROGRAM BEING ARRANGED

Tribute Will be Paid to James Whitcomb With Program at Graham Annex Wednesday Night

SOME MUSIC AND READINGS

James Whitcomb Riley's birthday will be celebrated Wednesday night at the Graham Annex auditorium under the auspices of the Parent-Teachers association of the high school. The best talent in the city will participate in the program, which is open to the public. No admission will be charged and it is hoped to make the program one of the best ever given here.

The program has not been completed, but several of the numbers have been arranged. The Rev. C. M. Yocum will speak on "Riley and His Poetry." Miss Norma Smith and Miss Frances Frazee will give several readings and the high school glee club will sing three selections. The selections are "Little Orphan Annie," "There, Little Girl Don't Cry" and "The Jolly Miller."

Riley's birthday is Thursday but it will be observed here Wednesday night, because the program could not be arranged for Thursday without conflicting with other plans.

## TO TRY OUT THEIR CHANCES

Two Terre Haute Convicts File Habeas Corpus Proceedings

(By United Press.)  
Kansas City, Oct. 4.—Habeas corpus proceedings were instituted in federal court here today by attorneys for Harry S. Montgomery and Dr. John C. Green, election officials convicted in the Terre Haute fraud cases. The action is filed to try out the chances of securing the release of other Terre Haute prisoners in Leavenworth.

### Y. M. C. A. OPENING

Indianapolis, Ind., Oct. 4.—Today was Der Tag for Indianapolis boys and young men. It was the opening day at the Y. M. C. A. gymnasium which during the fall and winter is the most popular place for boys. Gymnastic exercises marked the opening program.

Mr. and Mrs. George A. Suess, who moved here some time ago from Oklahoma, and have been living with Mrs. Suess' parents, Mr. and Mrs. J. B. Pusey 528 N. Jackson street, have moved to 495 North Jackson street.

The funeral services of Mrs. John Morrison, who died Saturday afternoon at her home, south of Homer, were held this afternoon at the late residence and burial took place in Hurst cemetery.

## BIG CLAIM IS BEING HEARD

Mrs. Jessie L. Alexander Demands \$6,583 From Estate of Late Leander Veatch.

A REVISED COURT CALENDAR

Court Grants Mrs. Jeanette Hardin a Divorce and Gives Her \$125 in Alimony.

A jury was selected this morning to hear the claim of Mrs. Jessie L. Alexander, administratrix of the estate of the late Leander Veatch, in which she demands \$6,593 for services rendered to Mr. Veatch, including board and room and care during his last illness.

Because of the size of the claim the case is being hard fought. Thomas E. Davidson of Greensburg is acting as special judge. It was expected that the case would occupy most of tomorrow. The bill for services, which is the basis of the suit, covers a period from 1910 to 1914, and calls for nurse hire at the rate of \$30 a week. Mr. Veatch died from tuberculosis.

The jury is as follows: Charles Hugo, Daniel M. Kinney, Jabez Winship, William Cook, W. R. Taylor, Will Kirkpatrick, J. Milt Stiers, Conrad Kiser, W. B. Morris, O. A. J. Hall, Charles N. Sweet and George Frank Windeler. The plaintiff in the case is represented by A. L. Gary and Megee and Ross. The estate is represented by Kiplinger & Smith and B. F. Miller.

Judge Sparks this morning returned his finding in the divorce suit of Jeanette Hardin against Robert Basil Hardin, granting Mrs. Hardin a divorce and restoring her maiden name of Jeanette Glendenning. The plaintiff was also given alimony in the sum of \$125 and \$75 attorney fees, \$100 payable within thirty days and the other \$100 payable in six months all to bear interest at six per cent. The costs in the case were assessed against the defendant. The case was one of the hardest fought divorce suits tried here in several years. Mrs. Hardin originally demanded \$1,000 alimony.

Judge Sparks has revised the court calendar extending it to the second week in November. The revised calendar is as follows:

Oct. 6—Gunning vs. Waltermire.  
Oct. 7—Oliver Typewriter Co. vs. Hutchinson.

Oct. 8.—Johnson vs. Gray.

Oct. 9.—Wilson vs. Wilson; Hendricks vs. Hendricks; Cadle vs. Cadle.

Oct. 11—Herkless vs. Traction Co.; Empire Separator Co. vs. Carr.  
Oct. 12—Litteral vs. Jones; Howard vs. Emsweller.

Oct. 13.—Schneider vs. Wainwright.

Oct. 14—Runley vs. Irvin.

Oct. 15—State vs. Monks.

Oct. 16—Coyne vs. Coyne; Tompkins vs. Walker; Wolfe vs. Wolfe; Freeland vs. Prime; Sleeth vs. Sleeth; Bigham vs. Bigham.

Oct. 18—Patton vs. Reed.

Oct. 19—James vs. Daniels.

Oct. 20—Pinnell vs. Curry; Kenner vs. Naden.

Oct. 21—Kennedy vs. Hodell Furniture company; Case vs. Irvine.

Oct. 22—Bever vs. I. & C. Traction company.

Oct. 23—Fisher vs. Fisher; Hawley vs. Hawley; Noble vs. Holden.

Oct. 25—Green vs. Big 4.

Oct. 26—State vs. Clifford Horr.

Oct. 27—State vs. McConnell.

Oct. 28—State vs. Moore.

Oct. 29—State vs. Stewart.

Oct. 30—State vs. Weevie; Haydock vs. Haydock.

Nov. 1—Warner Instrument Co.

Continued on Page 2.

## WHITSETT SENT TO CHURCH HERE

Former Superintendent of Bloomington District New Pastor St. Paul's M. E. Congregation

TEVIS GOES TO MARTINSVILLE

Rev. A. D. Batchelor Sent to New York State—Other Assignments in This District

(By United Press.)  
Indianapolis, Ind., Oct. 4.—The announcement of the appointments in the Indiana conference of the M. E. church was delayed until late this afternoon and then but a few of the districts were given out.

Although the appointment was not confirmed, it was practically certain that Dr. John S. Ward, formerly pastor of the First church in Shelbyville, would be the next superintendent of the Connersville district to succeed Dr. V. W. Tevis, of Rushville whose term of six years had expired.

Dr. Tevis was slated to be sent to the Martinsville charge although it had not been officially given out today.

The Rev. William Whitsett, formerly superintendent of the Bloomington district, was assigned to St. Paul's M. E. church, Rushville.

Other assignments in the Connersville district were as follows:

Milroy, the Rev. Clyde S. Black. Richland, the Rev. U. G. Abbott. Glenwood, the Rev. Daniel Ryan. Falmouth, the Rev. F. A. Oberbaugh. Milton, the Rev. M. S. Taylor. Morristown, the Rev. P. A. McCullough.

Liberty, the Rev. C. W. Whitman. Connersville, First church—the Rev. F. A. Guthrie; Main Street—the Rev. F. M. Westhaver.

Shelbyville, First church—the Rev. W. S. Wykoff; Main Street—the Rev. Clarence Kinneman; West Street, the Rev. S. J. Cross.

The Rev. Mr. Whitsett, who comes here from Martinsville, for six years was superintendent of the Bloomington district. He is said to be a very capable minister, and a man of unusual ability.

The official board of St. Paul's M. E. church received word at noon that the Rev. Mr. Whitsett had been sent here, that the Rev. A. D. Batchelor had been sent to New York state and that the Rev. V. W. Tevis had been sent to the Martinsville charge.

The Rev. Mr. Batchelor came to Rushville two years ago from Martinsville. He was formerly in the conference in a western state. By sending him to a charge near New York City, Bishop Anderson removed the Rev. Mr. Batchelor from the Indiana conference.

It was with a great degree of sadness that the friends of Dr. Tevis learned that he was to leave the city. He has resided here during the time of his ministry at St. Paul's M. E. church and during the six years he was superintendent of this district.

### HOLDS FALL OPENING

(By United Press.)  
Washington, Ind., 4.—All Washington was decked out today for the fall opening which is a gala affair in this city. The streets were decorated in honor of visitors from over the county.

The Big Four railroad is making repairs at the local depot. A cement platform, the entire length of the station is being put in. The station is being repainted a gray, trimmed in green, and adds much to its looks. The station is also being remodeled on the interior.

## FROST IS COMING TONIGHT

Big Drop in Temperature is in Prospect, Forecast Says

With the temperature standing at eighty degrees today, Rushville had in prospect a big drop in temperature because the weather man predicted frost for tonight. Cloudy and colder is the forecast for Tuesday. The frost is not expected tonight without the skies clear up. Frost is not feared by truck gardeners and farmers now because vegetation is past danger.

## NAVAL PROGRAM DISCUSSED TODAY

President Confers With Secretary Daniels And Will Meet Advisory Board Wednesday.

BALANCED FLEET FAVORED

(By United Press.)  
Washington, Oct. 4.—The financing of a naval preparedness program was discussed at a white house conference today between the president, Secretary Daniels and Chairman Taggart of the House naval committee.

Next Wednesday the new naval advisory board of which Thomas A. Edison is chairman will meet with the president at his request, it was announced.

"This country needs battle cruisers, fast ships of size and strength to command the waters," Daniels said after the conference. He denied at the same time that he favored a great number of submarines at the expense of great battleships.

"On the contrary," the secretary said, "I am in favor of a perfectly balanced fleet."

## THREE COLORED MEN ARRESTED

To be Arraigned in Squire Kratzer's Court For Disturbing Church Social at Carthage

EXTRA CHARGES ARE FILED

Edgar Archey, William Newsom and Gurney Scott, colored all of Carthage were arrested this afternoon by Ray Lakin, constable from Squire Kratzer's court, as the result of a disturbance at a church social in Carthage last Friday night. All three of the men are charged with disturbing a public meeting and in addition Archey is charged with assault and battery and Newsom with assault.

The charges against the three colored men were filed by Quincey Beckner, deputy constable of Carthage and John Tuttle. The men were expected to be given a hearing late this afternoon before Squire Kratzer.

OPENS VOCATIONAL SCHOOL

(By United Press.)

Evansville, Ind., Oct. 4.—Convinced that the vocational school is going to occupy a prominent part in the educational system. Evansville tonight opens a night vocational school, one of the first in the state. Foremen in factories are included in the list of instructors.

Mrs. J. G. Beale was operated on for appendicitis at the Sexton sanatorium today.

## TAGGART'S NAME IS BROUGHT IN

Robert Henderson Was Given Something by National Committee-man in Dension Bar

TESTIMONY OF J. F. NUGENT

Saloon Keeper Says he Was Forced by Threats to Contribute to Democratic Fund

(By United Press.)  
Indianapolis, Ind., Oct. 4.—Thomas Taggart, the national committeeman, "gave something" to Robert (Hawkshaw) Henderson of Terre Haute the day of the primaries here and later Henderson exhibited the money in \$1 and \$2 bills with the statement "I've got the stuff," according to the testimony of John F. Nugent, former night chief of Terre Haute in the election conspiracy trial of Mayor Bell today.

Nugent is the former appointee of former Mayor Donn Roberts of Terre Haute.

"On May 5, (the day of the local primary) I was with Thomas Taggart, Henderson and others in the back bar room of the Denison hotel (Taggart's hotel). Taggart took Henderson to the front of the bar and gave him something," said Nugent.

"Later Henderson showed me some money in \$1 and \$2 bills, which he said Taggart had given him. I've got the stuff," he said Henderson said.

On cross-examination Attorney Ryan asked: "And you are the man who received the bribe of freedom for testifying against the mayor and the circuit judge?" He referred to the federal trial.

"The federal judge was A. B. Anderson and the district attorney was Frank Dailey," answered Deputy Prosecutor Roach.

William Doerner, clerk of the board of safety of Terre Haute, testified that before the primaries he gave Henderson a letter of introduction to Sam V. Perrott, local police chief.

That Robert Metzger, member of the board of safety, took a Republican saloon keeper to Chief of Police Perrott and that the saloon man was forced by threats to contribute to the Democratic campaign fund was a point of evidence brought out today by the state in the trial of Mayor Bell for election corruption conspiracy. Metzger is named in the indictment.

August Giuffre, the saloon keeper said Perrott asked him whether he had said: "To hell with the mayor. I'm a Republican." The witness denied he had said that.

David Rosuch, another saloon keeper who said he had been in the business for eighteen years, testified that when he refused to pay \$50 to Herman Adams, a city employee, the police every afternoon drove patrons from his place. He finally paid \$20 to the fund, he said.

The state indicated that it might close Thursday.

\*\*\*\*\*  
\* NOTES OF THE BELL TRIAL \*  
\*\*\*\*\*

(U. P. Staff Correspondent)  
While the state in the trial of Mayor Bell has been devoting itself to weaving what it hopes will prove to be a complete network of evidence proving a conspiracy, its evidence has not provided the sensations incident to the government's case at Terre Haute. Defense lawyers say however, that an effective conspiracy may exist without the high-handed

## Duroc-Jersey Swine Sale

The undersigned will sell at Public Auction at his farm, one-half mile east of Falmouth, Indiana, on

Wednesday, October 6th, 1915

61 Head of Pure Bred Duroc Jersey Swine

ALL IMMUNE AND GUARANTEED CHOLERA PROOF

I am putting up the best lot I have ever had, both as to breeding and individuality. Thirty Fall yearling gilts, 16 February and March boars, 12 to 15 Spring gilts—about 61 head in all. All have had the double serum treatment for prevention of cholera. I fully guarantee them to be immune from that disease. I will make anyone a present of any one of them he finds with a bad back or broken down pasterns. They have not been stuffed; are in just moderate flesh. In shape to go on and do you good. All of this offering are sired by Col. Jackson II 31331. He is bred the same as Defender, the twice champion at International Stock show. Their sires were full brothers, and their dams both sired by Orion Chief. The dams are by Long Chief 35931, full brother to Cherry King, Fancy Col. and Orion Col. M. Anyone at all acquainted with the breed knows that they were among the very highest, tip-top show and breeding boars of the breed. Come and see them and buy a good yearling sow that the stamina has not been fed out of.

TERMS—Made known day of sale. Strangers from a distance wanting credit will please bring with them their latest home bank reference, and settle with notes their home bank will accept.

SALE UNDER WATERPROOF TENT. RAIN OR SHINE.

## WHEAT SOWING IS GETTING UNDER WAY

Fall Work Will be in Full Blast This Week, Which is Accepted Time For Seeding

SOME WAIT UNTIL OCT. 10

Hundreds of wheat drills in this county have already been run out of their sheds and oiled, ready to begin putting in the Rush county wheat crop. A large number of the drills, in fact the majority of them, will begin operations this week. Tuesday, October 5, has been fixed by Purdue as the fly free date for this section, but most of the farmers believed that one day sooner will make but little difference and, besides, the first day's sowing is generally not a large one, because it takes some time to get things started.

Some farmers state that they will not begin sowing wheat until after October 10, and a few have already begun as much as a week ago. The earlier sowing, however, has been principally in the corn ground. Most, or all, of the ground intended for this year's crop of wheat is already plowed and about all of it has been placed in condition for the sowing. However, there are exceptions to this, but the delays have been caused by the frequent rains.

It is not believed that the wheat crop to be sown in this county will be quite as large this year as usual. The heavy wind and rain storms which blew much of the corn down earlier in the season have made it impossible to seed extensively in the corn ground and, besides, the wet season has prevented some ground from being plowed at all. The unplowed fields are mostly to be found in the townships having clay soil which have not become dry as quickly after the rains as the more sandy soil.

—Miss Mabel Horton went to Milroy yesterday for a few days visit.

—Miss Prudence Pope of Pendleton spent Sunday here with relatives.

—Mrs. Mary Neutzenhelzer spent Sunday with relatives in Mooresville, Ind.

—Ernest Larimore of Indianapolis spent Sunday with friends in this city.

—Michael Quinn of Indianapolis spent the day with friends in this city.

—Will Frazee went to Lexington this morning to attend the Lexington races.

—Denny Ryan was among the passengers this morning to Indianapolis.

—Mrs. Fon Riggs was among the passengers this morning to Indianapolis.

—Lawrence Ruby of Carthage spent last evening with friends in this city.

—Verne W. Norris went to Lexington, Ky., this morning to attend the races.

—Lewis M. Sexton went to Lexington, Ky., this morning to attend the races.

—Mrs. Stephen Kelley was among the passengers this morning to Indianapolis.

—Dr. and Mrs. W. H. Monks returned this morning from a visit in Shelbyville.

—Miss Letha Creekmore was among the passengers this morning to Falmouth.

—Mrs. E. Staley of Hamilton was here, enroute for a few days visit in Knightstown.

—Miss Geraldine Summerville was among the passengers this morning to Anderson.

—Mr. and Mrs. Buford Winship have returned home, after a wedding trip to Chicago.

—The Misses Mary Bates and Myrtle Mains were visitors in Milroy over Sunday.

—Charles Rifle and Charley Baker of Brookville spent Sunday with friends in this city.

—Mrs. Viola Cripe of Henderson was among the passengers this morning to this city.

—Harry Hawk of Arlington was here this morning enroute to spend a few days in Milroy.

—Misses Eva Young and Beulah Meredith spent Sunday with friends in Shelbyville.

—Mrs. Emma Dishinger went to Carthage this morning for a few days visit with relatives.

—Oakley Sampson and Corte Reddick of Carthage were visitors in this city Sunday evening.

—Miss Ethel Ellingwood, who has been visiting relatives here, returned home Saturday to Westport.

—Charles Cohan and Donald Gray of Connersville were the guests here of friends last evening.

—The Misses Louise Smith and Winnie Joyce were among the visitors yesterday in Connersville.

—Mrs. L. M. McAvoy, of Shelbyville was in this city this morning, enroute for a visit in Hamilton.

—Willis Lucas returned to Anderson this morning, after spending Sunday with relatives in this city.

—Mrs. George H. Meyers went to Frankfort today, being called there on account of the death of a niece.

—Mr. and Mrs. A. T. Mahin and family spent the week end in Indianapolis attending the M. E. conference.

—Miss Mattie Clark, who has been visiting in Connersville was here this morning returning home to Carthage.

—Mr. and Mrs. Harrie Jones went to Lexington yesterday, where they will spend a few days, and attend the races.

—Mrs. J. L. Wilson and daughter Nora Wilson of Henderson were among the passengers this morning to this city.

—Mrs. Lizzie Peck and children, Nettie and Zettie, returned home to Milroy this morning, after a visit in this city.

—Mr. and Mrs. William Walser and children of Shelbyville spent Sunday with Mrs. Flora Walser of Gosnell Ave.

—John Gantner Jr., left today for his home in Omaha, Nebraska, after attending the funeral of his sister, Mrs. Murphy.

—Norm Norris, Allen Hiner, G. P. Hunt and Robert Hiner motored to Connersville yesterday and attended the ball game.

—Clifford and Gale Smiley of Indianapolis are here for an indefinite visit with their friends, Mr. and Mrs. William Smiley.

—The Misses Anna Gessler and Ethel Oakley and Frank Schaffer and Albert Sweet motored to Springport Sunday afternoon.

—Mr. and Mrs. Earnest Addison, of Knightstown were here this morning, returning home, after spending Sunday in Fountaintown.

—Mrs. James Heifner and son returned home this morning to Newcastle, after attending the Sharp family reunion, in this city.

—Mrs. Kate Hopper and Mrs. George Hall of Dunrieth were the guests of Mr. and Mrs. Dell Miles and family in Raleigh today.

—Mrs. F. G. Hackleman went to Carthage this morning, being called there on account of the death of her sister-in-law, Mrs. Enos Henley.

—Miss Pauline Felts returned to Indianapolis this morning, after a week end visit with her parents, Mr. and Mrs. O. O. Felts, of this city.

—Hugh Mauzy spent Sunday with his wife in Richmond. Mrs. Mauzy who is visiting in Richmond, was taken ill, but was improved today.

—Mr. and Mrs. Jacob Smith and Master Ross Hinton, who have been visiting in Hamilton, were here this morning, returning home to Knightstown.

—Mr. and Mrs. Cicero Newhouse went to Gings this morning for a visit with relatives. They were accompanied by Mrs. L. J. Newhouse.

—Mr. and Mrs. Chase Mauzy and family and Mr. and Mrs. J. V. Young and family motored to Williamsburg, Indiana Sunday in Mauzy's machine.

—G. P. Hunt went to Indianapolis this morning to attend a meeting of the Grand Lodge, Knights of Pythias which is in session there for a few days.

—Mr. and Mrs. John Harrison returned this morning to their home in Westport, after spending a few days with Mr. and Mrs. Clifford Voiles, of this city.

—Mr. and Mrs. Roy E. Aldridge and daughter have returned to their home in Pittsburgh after an extended visit here with Mr. and Mrs. A. L. Aldridge.

—The Misses Allein Gilson and Hannah Castor and Arnold Gardner and Maurice Borem were visitors yesterday in Arlington, and attended the ball game.

—H. C. Flint returned this morning from a short stay in Terre Haute where he accompanied his daughter Leah, who has entered the Normal college.

—Mrs. C. A. White and daughter Catherine of New Brunswick, N. J., and Mrs. E. Martindale of Metamora, Ind., are the guests of their brother, James Young, and family, of East Third street.

—Mr. and Mrs. Pat Rardin, left this morning for an extended trip through the southern part of Tennessee, returning home by the way of Oklahoma. Mr. Rardin is second truck operator at the local C. H. & D. station and is taking a vacation.

## Pay Telephone Toll.

## True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face."

"But to get liver and bowels working as they ought, without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though of course it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'sentinel' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentinel tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

## Chief Cause of Pimples, Blotches, Sallow Skin

(Messenger of Health.)

Unslightly eruptions, pimples, boils, blotches, sallow or muddy skin, usually are due to a sluggish liver, a constipated bowel—and a polluted blood stream as a consequence. How foolish in such cases to resort to outward applications, which can never have a natural, permanent result. If more people only knew it, there is a very simple remedy, to be found in any drug store, which is as effective as it is harmless and quick acting. It is an old formula, long recognized by the medical profession, which has been put in tablet form, and at such small cost no one need now be deprived of its wonderful benefits.

"Sentinel tablets"—that's the name—are entirely vegetable and there's no habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime to realize there's nothing else quite so good for the purpose. The action in the early, so-called 'catarrh' stage, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Sentinel tablets are not only the finest remedy known for constipation and torpid liver, but offer the sanest, most sensible treatment for complexion difficulties of the character mentioned.

## Great Demand for New Constipation Remedy

They say that the advent of the "sentinel tablet" as a vegetable substitute for calomel has resulted in an extraordinary demand for this remarkable product. It seems to have made a bit particularly with those afflicted with chronic constipation, who were quick to recognize its advantages over calomel and the usual laxatives.

Sentinel tablets, aside from their efficacy, doubtless owe their success largely to a tendency to aid in bringing about natural functioning—instead of encouraging the "cathartic habit." Also, instead of injuring the membranous lining of the organs involved, they exert a soothing influence. Instead of weakening, they add tone to the intestinal wall. And they work so easily and naturally, they are of course preferred on this account to the violently acting purgatives. Their inexpensiveness is another reason for the popularity of sentinel tablets. You need procure only a dime's worth, and "take one tablet upon retiring, to be convinced that the ideal remedy for constipation, torpid liver, and their many evil consequences, has finally been found.—Druggists Review.

## The Daily Republican

The "Old Reliable" Republican Newspaper of Rush County.

Published Daily except Sunday by THE REPUBLICAN COMPANY.

Office: Northwest Corner of Second and Perkins Streets, RUSHVILLE, INDIANA.

Entered at the Rushville, Ind., Post-office as Second-class Matter.

TELEPHONE NUMBER, 1111.

Monday, October 4, 1915.

Now, if the defenders of and apologists for the President can get any consolation out of the record, they are welcome to exploit it to their heart's content. Not one of them has the hardihood to challenge the veracity of the fighting Democratic Chairman of the House of Appropriations Committee, J. J. Fitzgerald, who in an address to Congress, told of the excessive recommendations of members of the cabinet. An issue of that kind between Wilson and Fitzgerald might very easily start a movement for Fitzgerald as a nominee of the Democratic party in the place of Wilson. If the campaign is to be on a platform of economy, certainly the Democrats would find it easier to support Fitzgerald than Wilson.

There is the story of the boy who stood second in his class, but who did not explain that there was only one other boy in the class. So now we are told with great glee that America stands second as a ship owning nation. Great Britain is first, with 21,274,068 tons of merchant ships, and Uncle Sam steps up to second place with—8,319,486 tons. It is the war that has brought America up to this point, but it will take more than war to keep her there and to enable her to make gains on England. It will require a settled policy of encouragement to ship-owners and ship-builders instead of the present congressional hostility. And it is to be noted that Japan is putting out \$10,000,000 a year for four years in subsidies to build up a Japanese merchant marine.

The value of imports at the 13 principal customs districts of the United States for the week ending September 11, 1915 was \$26,921,467 on which duties were collected to the amount of \$2,813,917,—an average ad valorem rate of duty of 10.4% compared with an annual average ad valorem rate of duty of 17.6% under Republican law. This means a large volume of imports which are paying no revenue to the Government, but are entering into competition with home products. It furnishes one reason why our Treasury balance is melting away.

The net balance in the Federal Treasury on September 20 was \$45,907,745, as compared with a balance of \$128,487,715 on the corresponding date two years ago when revenue laws and appropriations enacted by Republican administration were in effect. The deficit to September 20 was \$35,120,396.

The versatility of woman need no longer be illustrating by citing examples of women blacksmiths, or of female carpenters, or of lady bank presidents, for out in one of New York city's suburbs there has been discovered a successful woman burglar with more than 35 neat jobs to her credit.

"I am loyal to home and home institutions. I am a good citizen." Can you say it?

Possibly the weather man would have us return to the pleasing past-time of swatting the fly.

## Notice of Final Settlement of Estate.

## Current Comments

In The House of Friends.

(Indianapolis Star)

The political opponents of President Wilson have been remarkably considerate of him from the beginning of his administration. Seldom has a president escaped with as few attacks from members of the opposing parties as he, though it is well understood that his course in many respects does not meet their approval. Perhaps it might have been better had they been more outspoken but at all events they have refrained from criticism in a noticeable way.

It has remained for democrats of high degree to discipline him, possibly for the good of his soul, but purposely for the good of his party. There is Mr. Bryan, for example, who must have been a thorn in the president's flesh from the beginning and who is now going up and down the country encouraging a foolish peace sentiment that may interfere with the president's plans for preparedness. There is Editor Watterston, who flatly tells Mr. Wilson that if he lend himself again to the promotion of Son-in-Law McAdoo's free shipping scheme, his party will go to defeat in the next election.

And now comes Col. George Harvey, who first "discovered" Wilson as a presidential quantity, but now takes his erstwhile protege up and down the line administering a rap at every step. It is the president's method of dealing with Mexico that fills Col. Harvey with pain and wrath. He declares that Mr. Wilson's course has been vacillating and inconsistent, that he has no moral or legal right to say who shall or shall not be president of Mexico, that his warfare against Huerta was unjustified and that his careless abandonment of Americans in Mexico was in violation of every principle of honor and justice.

If the democratic brethren continue to tell the truth to Mr. Wilson in this way, there is really no need for outsiders to admonish him. They can enact the part of spectators and note the thoroughness of the job.

## HOOSIER HISTORY

Prepared for the United Press by the centennial department of the Indiana Historical Association

## HOOSIER A POLITICAL ANIMAL

"Man is a political animal," said Aristotle. Especially if he is a Hoosier. The so-called middle period of United States history was characterized by the most intense partisanship. Every man was his own politician. This was strikingly true in such states as Indiana where northern and southern elements met and struggled for supremacy. Indiana has nearly always been a close pivotal state. Witness the fact of the four vice-presidents credited to her. George Fitch in his vest pocket essay on Indiana said that the birth of twin boys in the state was hailed as an event of political importance as liable to turn an election 20 years hence.

## WAR NEWS OF ONE YEAR AGO TODAY.

The French War Office reported that there were no new developments on the western front but that the general situation was favorable.

The German War Office announced that repeated attempts to outflank its armies had been repulsed. It was declared that the Crusier Karlsruhe had sunk seven British steamers in the Atlantic.

The Belgians admitted that the forces defending Antwerp had fallen back to the River Nethe.

Petrograd news dispatches said that the Germans had evacuated Russian Poland and that whole regiments had been drowned in the River Nieman.

The Czar had left for the front.

A news despatch from Nish declared that the Serbians had made a raid on Cemlin had recrossed the Save river to Belgrade.

## JITNEY IN FIGHT FOR ITS LIFE

Decision of Judge Anderson Will

Effect More Than Those in

Terre Haute in Precedent

## WON FIRST TWO CLASSES

Trust Company of Philadelphia

Holding Interest in Traction

Line Now in Fight

(By United Press.)

Indianapolis, Ind., Oct. 4.—The jitney bus entered today upon its third fight for existence in Indiana. Upon the decision of Federal Judge A. B. Anderson depends whether the nickel-a-ride autos shall continue to offer active competition to traction companies in many Indiana cities.

The decision of Judge Anderson will affect far more than the 200 busses in Terre Haute. A precedent will be established that will apply to every city.

The hearing of the petition of the Fidelity Trust Company of Philadelphia that 59 jitney operators in Terre Haute be enjoined from conducting their business opened before Judge Anderson this morning. The contention of the Philadelphia company which is bondholder for the Terre Haute street car lines, is that the jitneys should be forced to obtain franchises to operate on the city streets, since they are common carriers. The answer of the jitney operators was that the right to the city streets was a common right before it was a franchise right.

The jitney men were easily successful in vanquishing their traction opponents in the first two fights. A bill was nipped in the bud when it appeared before the state legislature and an attempt made before the state public service commission to handicap the jitneys failed when the commission declined to declare the jitney a common carrier.

## NUT CROP IS HEAVY; HEAVY FROST NEEDED

Hickories Cling Tightly to Branches

But Walnuts Are Beginning to

Fall Some Places.

## RECORD YIELD PREDICTED

While there has been some rather chilly weather, it has not been cold enough to cause the frost necessary to make the hickory nuts leave their high perches and drop to the earth.

Reports from the country say that the hickory trees are loaded with the nuts this year. They are still loaded, too, for the light frosts that have occurred on several mornings of the fall have not been sufficient to dislodge them. 'Twould take a good climber to get them now. The walnuts, of which there are many, have begun to loosen their hold on the limbs and tumble to the ground, where they are eagerly gathered by the youngsters. Stained hands, as brown as the wet earth, give evidence of the fact that the annual walnut harvest is now on. There are enough of the nuts to stain several more pairs of hands before the snow flies.

## Notice of Sale of Horse to Satisfy Lien

TO ED L. BROWN, CHILLICOTHE, MISSOURI, AND ALL OTHERS CONCERNED: You and each of you are hereby notified that I will offer for sale at public sale at my training stables on the Rushville and Andersonville pike, one-half mile south of Rushville, on

### CHAMPIONS MAY BE REPEATERS

Looks Like Three High School  
Teams Last Year Will be  
Strong This Year

SEE SUCCESSFUL SEASON

Followers of Gridiron Sport Say at  
Least Fifty High Schools Will  
Have Elevens

(By United Press.)

Indianapolis, Ind., Oct. 4.—With the alumni, scrubs and other preliminary games out of the way, Indiana high school football teams settled down today for the fight for the state championship. An analysis of the dope bucket contents today

showed with surprising clearness that the three leading teams of last year—South Bend in the northern section, Kirklin in the central section and Wiley of Terre Haute in the southwestern section—have good chances to repeat with a possible exception of the last.

However, the same difficulty will be found this year as in the past in picking a state high school football champion. Lack of intersection all games, since the decline of the game in the high schools a decade ago has often resulted in no unanimous choice for the title.

The method generally followed is the sectional choice.

In the north this year it appears that South Bend will meet rather formidable opponents in Gary, Hammond and Elkhart. All but one of last year's regulars graduated at South Bend. The remaining veteran is Captain Nilkey who was picked for the All-State last year. By defeating the strong Bowen high school team of South Chicago by a 18 to 0 score in the first game, Hammond showed signs of becoming a serious contender for the northern title. The little town of Kirklin which has turned out some of the strongest high school elevens in the state looks good to produce another claimant for not only the central championship but the state honor despite the loss of Huffine and Kreisler, members of the 1914 All-State team. Coach Huffine has seven veterans as a nucleus for what he predicts will be the champion team of Indiana. Not only has Kirklin a good chance of coping the state title but it has a schedule which would leave little room for argument as to the team's claim. Kirklin meets Sheridan and Greenfield, their two strongest opponents in the central section, Linton and Wiley, the two strongest in the south and Rensselaer, one of the leading northern elevens.

The southern championship bids fair to slip from Wiley of Terre Haute this year. The Terre Hauteans appear to have the least chance of the three sectional champions to repeat. Linton, the producer of such college prodigies as Oliphant of Purdue and Gill of Indiana, and a runner up of last year, is doped as stronger than last year while Wiley may be weakened by the loss of Coach "Happy" Wann, now at Milliken College. Evansville also promises to be a factor in the southern race.

Followers of high school football predicted today the most successful season since the gridiron sport suffered its decline. Forty-three high school teams played football last year. It is expected that the number will be increased to fifty this year.

### ALL-PROS DEFEAT RUSHVILLE TEAM

Game Featured With Plenty of Hitting Won by Cincinnati Team by Score of 10 to 7

RALLY STAGED IN EIGHTH

Jack Benny's All-Pros defeated the Rushville team 10 to 7 yesterday afternoon at Edgewater park. The game was rather ragged and was a free hitting contest. The All-Pros held the lead throughout the game.

The Rushers staged a rally in the eighth inning that netted two runs. The rally was cut short however when the team had the bases filled. With the score standing 6 to 2 in favor of the All-Pros Rushville succeeded in making four runs and then the Cincinnati team pulled away and the lead was too much to overcome.

Sanford pitching for Rushville was hit rather freely by Benny's sluggers, while Decatur pitching for the All-Pros showed some real class. A small crowd was in attendance.

### MAXWELL'S SWAT BREAKS UP GAME

Connects For Home Run in Last Half of Ninth Defeating Brookville 3 to 2

LEAKE OUTPITCHED GEARY

Maxwell, Connersville's right fielder, put the rollers to Brookville yesterday by knocking a home run in the ninth inning. The game was one of the best ever played in Connersville and was witnessed by a crowd of 1,500 people. With the score tied in the ninth, Maxwell, the first man up connected with the first ball pitched for a home run making the score stand 3 to 2. Local fans who saw the game, say it was the longest hit they ever saw. The ball went over the center fielder's head and rolled down the path leading to the bridge from the ball park. It was a sensational finish to a well played game. Al Leake pitching for

Brookville had a shade on Bob Geary pitching for Remington. The two teams play at Brookville next Sunday. Humpty Badel, formerly of the Rushers is playing first base for Brookville and George Rohe is playing first for Connersville.

### I. U. ALUMNI ARE IN HIGH SPIRITS

Expect Largest Crowd Ever at Football Game in Indiana at Washington And Lee Contest

TICKETS ARE PUT ON SALE

(By United Press.)

Indianapolis, Ind., Oct. 4.—Predictions of local Indiana University alumni headed by State Superintendent Greathouse, chairman of the committee on arrangements for the Washington and Lee-Indiana football game to be played here on Oct. 30, that the game will be witnessed by the largest number of people of any game ever played in the state, seemed justified when tickets were placed on sale here. Large numbers of individual buyers appeared while large blocks of one and two hundred were ordered reserved for Crimson followers in Marion, Huntington, Anderson and Evansville.

Chairman Greathouse announced today that an effort will be made to obtain the attendance of a large number of the old grads at the annual "I" men's banquet here on the evening of October 29.

### CONCERNING LEGAL FEES

Booklet Sent to County Officials by State Examiner

In an effort to secure a more uniform system of fees for the county officials G. H. Hendren, state examiner, has sent to all the Rush county officials a booklet containing information concerning the fees which they can collect legally.

According to the letter from the state examiner, there has been a misunderstanding among county officials of the state and as a result many fees have been claimed which cannot be collected legally.

# IOWA WOMAN TELLS OTHERS

How Lydia E. Pinkham's Vegetable Compound Carried Her Safely Through Change of Life.

Cedar Rapids, Iowa.—"At the Change of Life the doctor said I would have to give up my work and take my bed for some time as there was no help for me but to lie still. I took Lydia E. Pinkham's Vegetable Compound and kept up my work and now I am over the Change and that is all I took. It was better for me than all the doctor's medicines I tried. Many people have no faith in patent medicines but I know this is good."—Mrs. E. J. RICKETS, 354 8th Avenue, West, Cedar Rapids, Iowa.

Such warning symptoms as sense of suffocation, hot flashes, headaches, back-aches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

If there are any complications you don't understand write Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass.

**Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Fine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

# PUBLICITY GOOD FOR THE SCHOOLS

One of The Best Means For Securing Co-Operation of Community, Bulletin Declares

ISSUED BY EDUCATION BUREAU

School Boards That Are Not Managing Aply do Not Fear to Turn on Searchlight

Frank publicity in securing the co-operation of the community in the work of the schools is urged by W. S. Deffenbaugh, of the U. S. Bureau of Education, in a report on "School Progress in the Smaller Cities," just issued.

"School boards that are managing the schools ably and honestly do not fear to turn on the searchlight," declares Mr. Deffenbaugh. "The sentiment is growing among school boards that the public should know how its money is expended. In the most progressive schools, the board and the superintendent are presenting facts to the people either in printed reports, in newspaper articles, or by both.

"Some schoolmen, however, object to furnishing the newspapers with school information on the ground that they are thereby advertising themselves. A superintendent who was complaining about lack of interest among the parents in the schools of this city was asked whether he reported progress of the schools through the local papers. He replied that he did not believe in advertising himself. He failed to grasp the idea that school news is not for the purpose of boosting a superintendent; besides being legitimate news, it calls attention to the needs of the work of the school so that the school may become more efficient.

In several cities, as Fredonia, Kans., there is an educational issue of the local paper. In some other cities there are daily school news notes. On the whole, the public is becoming better informed regarding the schools than it was a few years ago. The tendency is toward greater publicity by means of printed reports and newspaper articles.

"That the schools can work to advantage through women's civic improvement clubs and through parent-teacher associations has been thoroughly demonstrated in many of the smaller cities. Such clubs are often instrumental in the introduction of kindergartens, manual training, and domestic science. The superintendent of one school utilized the women's clubs of the city by asking that each club give some consideration to the question. What can be done to improve the efficiency of your schools? Each club discussed the question and sent a representative to present to the teachers the ideas of the club. In the opinion of the superintendent of schools in that city, the plan aroused interest among the women of the city in better schools."

These and other plans for arousing interest in school work are discussed in chapter IV, Vol 1 of the 1914 report of the Commissioner of Education. This is obtained as a separate publication.

# A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition. Dr. Edwards' Olive Tablets, the successful substitute for calomel—10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.

# KNIGHTS AWAIT THE GRAND LODGE

Interesting Things Will Come up at K. of P. Meeting, (Including Filling of One Office

HARRY WADE'S PLACE VACANT

New Keeper of Records And Seals Will be Elected.—Non-Payment of Dues Question

The Grand Lodge Convention Knights of Pythias, which will be held in Indianapolis, on October 4th and 5th, is one of the most important to the Order of the state that has been held in many years.

One of the first and most important questions to come before that body is the election of a Grand Keeper of Records and Seal. For more than fifteen years Harry Wade has held this office and has administered it in a most satisfactory and efficient manner. In addition to the duties of Grand Keeper of Records and Seal, the manager of the Knights of Pythias State building which is a million dollar proposition have employed the Grand Keeper of Records and Seal as superintendent and manager of that eleven story building.

The gross income of that building per annum, is about \$80,000, and to keep that building filled with tenants and manage the upkeep and running expenses of the same require high-class business qualifications. The combination of these two positions calls for a combination of fraternal and business judgement and skill. The membership of the state is now about 79,000. The candidates offering themselves for this position are Joyney Monahan, a banker of Orleans, Arthur Lough of Greensburg, a banker, George Brunig of Indianapolis, now employed in the Insurance Department of the Order which is located in that building, and Robert A. Brown who is now the Grand Chancellor of the Order.

Another important matter that will be brought before the Grand Lodge is the instruction to the Supreme Representatives on the question of whether or not there shall be a tuberculosis sanitarium located at Albuquerque, New Mexico. This matter was before the supreme Lodge of the order at Winnipeg, Canada, last August a year ago, and it was referred to the various Grand Lodges of the different states for instruction to their Supreme Representatives as to what action the Supreme Lodge should take upon the subject.

In addition to these important matters, the question of loss of membership by non-payment of dues will be discussed and some action taken thereon. All fraternal societies of the country are confronted with this serious question. While initiations into the order are up to the standard, yet for some reason all secret orders have been suffering from members dropping out in large numbers on account of non-payment of dues. While it is the theory of the Order of Knights that "once a Pythian, always a Pythian," yet there are certain dues that must be paid semi-annually in order to support the finances of the Order. Stipulated weekly sick benefits are paid by the Order of Knights of Pythias as in any other fraternal societies and to provide this fund and the other necessary expenses of subordinate and grand lodges and the Supreme Lodge requires prompt payment of these dues.

The Memorial exercises will be one of the most important held in the Grand Lodge session for the reason that during the past year a number of prominent members of the Order have passed to the great beyond. Among these was Union B. Hunt, whose home was at Winchester, Indiana and who was prominent not only in the Order of Knights of Pythias, but in the state government and politics.

Red Cross Ball Blue gives double value for your money, goes twice as far as any other, don't put your money into any other.

# CAN THE YELL BE CAPITALIZED

University of Michigan Men Will Try to Make it Worth \$1,000,000 to Them

192 CITIES IN CAMPAIGN

Fund Will be Used to Erect Magnificent New Home For The Michigan Union

(By United Press.)  
Ann Arbor, Mich., Oct. 4.—Can the battle cry of the Wolverine—the University of Michigan "yell"—be capitalized for \$1,000,000?

They're going to try to do it in 192 cities of the United States stretching from Maine to California and from Michigan to Florida. Forty-one thousand alumni of the University have been asked to help.

The million is to be used for the erection of a magnificent new home for the Michigan Union, the students organization.

At nine o'clock Saturday night 192 halls in as many cities in the country, the features of "Big Bill" Day, who until recently was judge for the Northern Ohio district, was flashed on canvass screens before thousands of assembled Michigan alumni. His hands were lifted in appeal. And simultaneously, from the throats of those former Michigans will come thundering the unity yell. It signaled the formal opening of the campaign for the \$1,000,000 for the Michigan union.

Dr. Harry B. Hutchins, president of the university, by pressing an electric button in Ann Arbor, gave the signal for the opening of the meeting in all of the 192 cities. Immediately the movie man pictured Judge Day posed as cheer-leader, and the mighty nation-wide yell followed.

In preparation for the campaign Judge Day came to Ann Arbor several weeks ago. In the big Michigan stadium he led a big bunch of students in the 'varsity yell with as much "pep" and vigor as in the days when he was leader of the "Century Law" class of the university. Moving picture cameras, meantime, recorded every gesture and expression. These are the pictures that were shown at the alumni smokers.

Committeemen who have had charge of the campaign were confident that the full amount sought will be subscribed.

# INSURANCE POLICY HELD SUFFICIENT

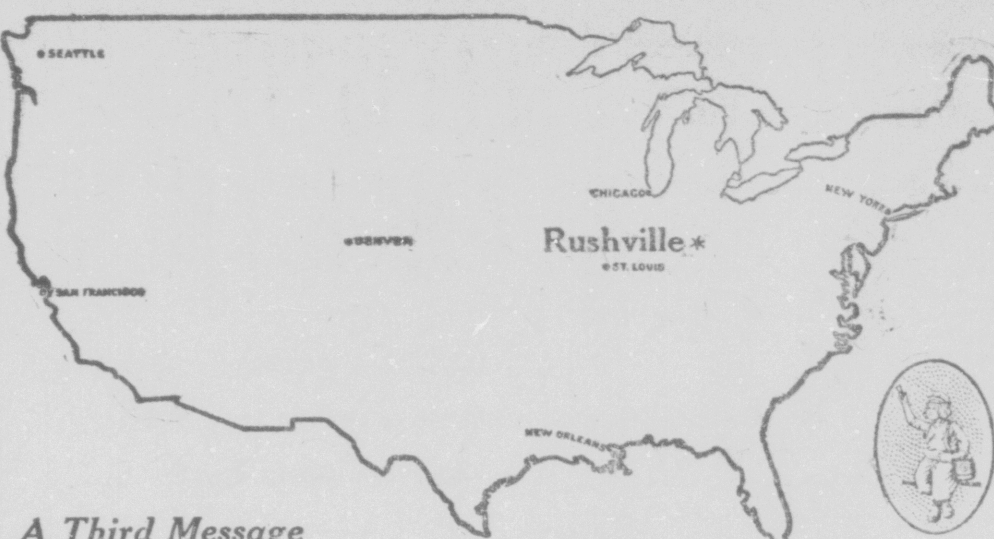

B. A. Black Receives Letter From Secretary of Industrial Board Regarding Notification

INSURANCE CO. DOES WORK

B. A. Black is in receipt of a letter from the secretary of the state industrial board saying that it is the duty of the insurance company to file with the board a showing that all employers who have insured with its company have complied with the statute. The secretary did not say that in so many words, but it was the intent of the communication.

When Mr. Black read in the Daily Republican last Thursday that attention had been called to a clause in the law which said all employers accepting the workmen's compensation law's provisions should notify the board within thirty days from the taking effect of the act that they had properly insured themselves against accident.

The letter from the secretary of the board said that if Mr. Black had his insurance policy, that was all that was necessary because the insurance company would file with the board the employers it had insured.

# A Third Message To the Business Men of Rushville

Prosperity and local pride are twins. They are born at the same time and grow up together. Enthusiasm for the home town is a great thing for local business men. Once developed, this feeling shows direct returns in more sales and bigger profits.

# GRAY IS INTO A MIGHTY MESS

**Attempts to Explain to Boosters Club How Milton May Retain Its Two Rural Routes**

**SERVICE TO BE MOTORIZED**

**Congressman Says he Will Champion Cause But Don't Explain How he Expects to Get Results**

Congressman Gray's troubles are increasing in Wayne county because of the order from Washington to motorize the rural routes of the county. A meeting was held at Milton and the Boosters club of that town invited the congressman from this district to explain why the order was made and why Milton was to lose its two rural routes. The same thing will happen to all small towns in other counties whenever the proposed change is put through.

The official order from Washington calls for three routes at Cambridge City, two at Hagerstown and seven at Richmond, thus reducing the present number of routes—twenty-eight to twelve.

The routes will average 51 miles and each carrier will receive \$1,600. The change is to take place on November 16. Twelve motor vehicles will cover the entire country. Each of the twelve motor vehicles will start from the office at 7:15 o'clock except the two from Hagerstown, which will start at 8 o'clock in the morning all will be due back at 3 o'clock in the afternoon.

The examination of carriers will be held October 9, and all the present carriers will be required to take the examination.

A dispatch from Milton says that Congressman Gray told the Milton Boosters club that he thought Milton was entitled to at least one rural route and that he could be depended on to champion Milton's cause before the moguls of the postoffice department. Milton wants both its routes left there. Of course, such a thing is impossible when the number of routes is cut more than half in two.

"Just how he intended to go about serving Milton's interests in this matter Representative Gray neglected to explain," says the dispatch. "Also he ignored the charges which have been spread broadcast through the county recently that he had a hand in the issuance of the recent departmental order reducing the number of county rural routes."

"Inasmuch as this order also calls for the selection of carriers for the twelve re-districted routes at a civil service examination to be held in Richmond, Oct. 9, many astute Wayne county people have looked upon it as a scheme to supplant all Republican carriers with Democrats. "Be that as it may, such talk was given no consideration by Mr. Gray in his address here last night. In fact he touched upon the delicate rural route question very briefly. Most of his address was devoted to a discussion of the American government system, his intense interest in the welfare of the people and a demand for the defeat of any movement destined to prevent farmers from working out their road taxes.

"It was evident, however, that the Milton Boosters club was not entirely satisfied with the assurances of Mr. Gray that Milton would be well taken care of in the redistricting of the county rural routes.

"James K. Mason, chairman of the club committee which has been working on this question, called upon by Chairman Doddridge for a report of his committee, bluntly stated that if Milton loses its two rural routes somebody was going to have to pay for the fiddler and dance to his music.

"Mr. Mason, who represented Wayne and Fayette counties in the Indiana house of representatives this year, declared that he had written to Postmaster General Burleson for information as to the treatment Milton could expect in the redistricting of routes and that Mr.

Burleson had so far neglected to reply to the inquiry.

"Then Mr. Mason asserted that whoever was responsible for any unfair treatment of Milton in the rearrangement of the routes would be ferreted out and his "political hide hung up to dry" in Milton and Washington townships at least.

"Mr. Mason emphasized the fact that his committee had been unable to obtain the slightest confirmation of a report, believed to have originated in Cambridge City, that Richmond business interests had had a part in the redistricting of the county rural routes. He said he did not believe this report was worthy of consideration."

# URNS OUT LARGE AMOUNT OF KHAKI

**England Now Making Enough to Equip 200,000 Men Each And Every Week it is Stated**

**NO "SLOWDOWN" ORDERS YET**

London, Sept. 5: (By mail)—Some idea of the number of soldiers England has equipped or now is equipping may be gained by a survey of the work of the great British textile districts which shows that khaki to equip 200,000 men weekly is now being produced.

Two hundred miles of this yellow material, 56 inches wide are woven and dyed every seven days through-out the network of industries centered in Leeds and other Yorkshire cities. Government contract tailors on the various scenes are not far behind the mills in putting the cloth into uniforms.

For the past three months the difficult government problem of producing enough khaki to garb the latest recruits have been solved. The textile mills are still turning out their weekly quota and have not yet received a "slowdown" order from the war office.

From Manchester comes the huge quantities of cotton thread, lining and trimming materials for the soldier's uniform. Birmingham furnishes carloads of buttons, buckles and other metal pieces.

The number of persons engaged in this work is a small army in itself.

## FAIR EXCHANGE

**A New Back For an Old One—How a Rushville Resident Made a Bad Back Strong**

The back aches at times with a dull indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys and again the loins are so lame that to stoop is agony. No use to rub or apply a plaster to the back if the kidneys are weak. You cannot reach the cause. Follow the example of this Rushville citizen.

Charley Walker, 1023 N. Arthur St., Rushville, says: "I work where a lot of turpentine is used and it keeps my kidneys out of order more or less all the time. My back gives me the most trouble. It aches and is lame and stiff. The kidney secretions are too frequent in passage and highly colored. Not long ago, I decided to try Doan's Kidney Pills and got a box at Lytle's Drug Store. They surely helped me and considerably relieved the trouble. I have a lot of faith in Doan's Kidney Pills and expect to continue their use."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Walker had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement.)

# EXPERTS ADVISE A LATE SOWING

**United States Department of Agriculture Says That is Way to Avoid Hessian Fly.**

**EXPERIMENTS ARE MADE**

**Even This Plan Has Disadvantages**

**Because Wheat May Not Get Start to Withstand Winter.**

Sow winter wheat after the Hessian fly has disappeared and save next year's crop from the ravages of the pest, say the Department of Agriculture's experts. This advice may still be applied during the present month in the great wheat belt lying between the thirty-fifth and forty-first parallels of latitude. If the fly has been starved out by burn-following April, when adults issue and disking all stubble and ruined wheat fields, and all volunteer wheat has been plowed under or otherwise destroyed, an infestation the following year may be prevented by sowing after the approximate fly-free date.

The Hessian fly of the second or fall generation is likely to infest all volunteer wheat and all wheat sown before the fly-free date. "Flaxseeds" of the second generation remain on the fall-sown wheat plants till the following April, when adults issue and produce young which begin another season of infestation. The adult flies of the second generation emerge from the "flaxseed" stage from the middle of August to late October, according to the latitude. The female fly does not live beyond 5 or 6 days, and thus it is that late sowing, after the flies have largely disappeared, is the most practical and effective method employed to control this pest.

According to experimental sowings carried on for a series of years, the approximate dates to sow winter wheat to avoid the Hessian fly during years of normal rainfall have been determined. There are some points with regard to these dates which all farmers within fly-infested districts must take into account. They should be familiar with the conditions of their own localities, as to weather, soil, and latitude. They should also be familiar with their own fields. Dry weather retards the development of the fly and also that of the most important of its natural enemies, precisely as it retards the coming up of the wheat if it be sown in very dry soil and without suffi-

cient rainfall. There is also an approximate difference of about one day to each 100 feet of elevation.

There is, of course, a serious objection to the late sowing method to control the Hessian fly, and that is the danger that the plants will not make sufficient growth to withstand the winter. This objection, however, may be largely overcome by proper cultural methods. Much of the delay in the growth of late-sown plants in the fall can be eliminated by paying close attention to the preparation of the soil and to the quality of the seed. The best advice that can be given is to begin the preparation of the field in the fall precisely as though it was expected to sow at a very early date, but instead of sowing use the disk harrow and the roller, even after it appears to be a waste of labor to till the field further.

When a finely pulverized, compact seed bed has been secured, the seed should be selected, and this should be done with the point in view that unnaturally shriveled or otherwise imperfect kernels can not produce healthy wheat plants. When the kernel sprouts it at once sends fibrous roots down into the soil from which to draw nourishment for the young plant, and if little or no nourishment is secured the wheat plants are put into somewhat the condition of stunted calves, pigs, or other farm animals which are underfed.

Wheat plants can not secure prompt and ample nourishment if the roots must make their way about among clods due to poor preparation of the soil, or in soil that lacks in fertility. The farmer, then, should begin the preparation of his soil with the object of delaying the sowing of the wheat and afterwards of pushing the growth of the plant to the utmost until the beginning of the cold weather.

# SALTS FINE FOR ACHING KIDNEYS

**We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.**

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

# TIME LIMIT ON ULTIMATUM UP

Russia Gives Bulgaria Until This  
Afternoon to Decide Whether  
She Will Enter War

DECLARATION IS EXPECTED

Czar Will Likely Cause Thirteenth  
Power to Enter Great Conflict  
by Tomorrow

BY ED L. KEENE  
(U. P. Staff Correspondent.)  
London, Oct. 4.—The time limit set  
by Russia in her ultimatum expired  
at two o'clock this afternoon, Lon-  
don time. At that hour Czar Ferdi-  
nand's intentions were not known in  
London. It is possible that the ulti-  
matum expired without an answer  
and that the Russian minister and  
his staff already have departed from  
the Bulgarian capital.  
Petrograd dispatches earlier to-  
day asserted that Russia would ac-  
cept nothing but a complete back-  
down from Bulgaria.  
Russia still hopes that war may

be averted, even following the with-  
drawal of her minister. This hope  
is based on the possibility that the  
Bulgarian cabinet may change its  
policy when it realizes the allies  
mean war.  
Russia is expected to declare war  
on Bulgaria tomorrow, bringing the  
thirteenth European power into the  
great conflict.  
The Russian ultimatum to Barga-  
ria expires at 4 p. m. today, Petro-  
grad time.  
Bulgaria, it is believed here,  
either will ignore it or answer with  
an evasion. The czar's minister to  
Sofia has made preparations to leave  
Sofia for Petrograd tonight. A  
Petrograd dispatch said he had made  
arrangements to have the business  
of his legation taken over by a  
neutral power.

## NO VICTORIES CLAIMED

French, However, Assert German  
Attacks Were Repulsed

(By United Press.)  
Paris, Oct. 4.—The French con-  
tinue to make progress north of  
Arras, this afternoon's statement  
from the war office said.  
The war office made no claim to  
important success in the Champagne  
region, but asserted that all German  
attacks on that front had been re-  
pulsed.

## RUSSIAN VESSELS APPEAR

(By United Press.)  
Salonica, Oct. 4.—Two powerful  
Russian squadrons have appeared  
on the Bulgarian Black Sea port of  
Varna, according to dispatches re-  
ceived here today.

## GERMAN AID STORY DENIED

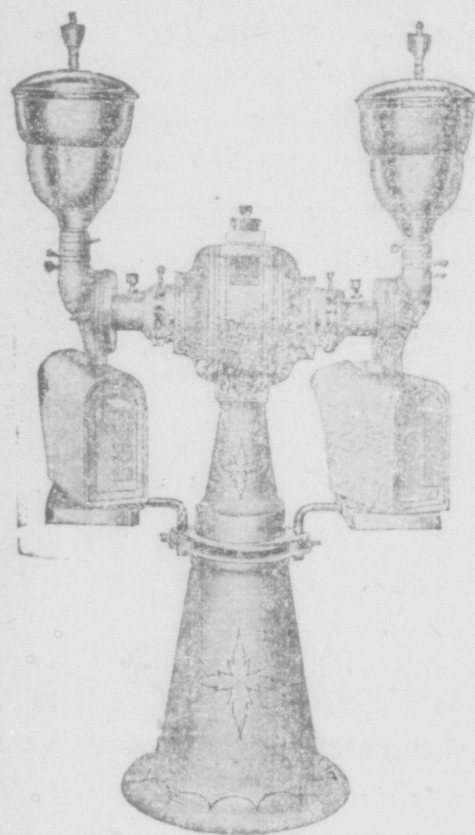

(By United Press.)  
Sofia, Oct. 4.—The Bulgarian  
news agency today announced that  
it has been authorized by the gov-  
ernment to deny that German offi-  
cers have arrived in Bulgaria to  
participate in the administration of  
the railways and the command of  
the army.

## TAGGART'S NAME IS BROUGHT IN

Continued from Page 1.  
acts that made Terre Haute elec-  
tions notorious.

But the sensations of the trial  
will come before the trial is over if  
the intentions of the defense lawyers  
is carried out. Gas helmets may be  
in demand if Attorney Ryan carries  
out his threat of evidence smelling  
of burnt rubber.

At the PRINCESS TONIGHT

state conducted a school for per-  
jury.

Speaking of sensational evidence,  
defense lawyers have said that the  
trial of the Terre Haute conspira-  
tors in federal court here took the  
edge off anything in the way of elec-  
tion corruption that could be pro-  
duced in any other Indiana city.  
They are known to consider this  
more or less of a misfortune.

At this distance it may safely be  
said that the defense will attack the  
credibility of a good portion of the  
state's witnesses. It will offer an-  
other story of the election in which  
the defendant, as Attorney Ryan  
said "only used his influence for  
good as he always has done."

Thus far there has been nothing  
in the evidence offered by the state  
to indicate that it will place Dave  
(Bat) Masterson on the stand, if in-  
deed it ever intended to do so. The

only way in which the Terre Haute  
man has been brought into this case  
was in Ryan's opening address, in  
which he said Masterson was the  
"dean" of the "school for perjury"  
which, he said, the state had estab-  
lished in tents along the Ohio river.  
Ryan described Masterson as "the  
gunman who shot up the home of an  
election judge in Terre Haute."

### MARLATT'S MOVE HERE

(Connersville News)  
Mrs. A. N. Marlatt and daughter,  
Miss Mary, and sons, Earl and Er-  
nest, who for many years have made  
Connersville their place of residence  
will on Monday leave for Rushville,  
where they will make their future  
home. The Marlatt family has for  
many years been prominent in so-  
cial, religious and educational circles  
here, and their departure will be  
considered a sincere loss by their  
many friends.

### WILSON TO SEE GAME

(By United Press.)  
Washington, Oct. 4.—President  
Wilson today wired for seats at the  
second game of the world series be-  
tween the Philadelphia and Boston  
teams in Philadelphia next Satur-  
day.

### WORKMEN WALK OUT

(By United Press.)  
Schenectady, N. Y., Oct. 4.—Be-  
tween four and five thousand men  
left their work at the General  
Electric company's plant today.  
They included both organized and  
unorganized machinists.

### ARLINGTON MEN FINED

Jesse Price and a man named  
Coover of Arlington were arrested  
here Saturday night on charges of  
public intoxication. They both made  
arrangements to pay their fines this  
morning and were released. The  
fines in both cases amount to one  
dollar and costs.

### COMMISSIONERS MEET

The county commissioners met in  
regular session this afternoon, but  
did nothing except to allow the us-  
ual claims. The board will likely  
meet again Tuesday.

Mrs. Jonathan Binford, who is in  
a critical condition at her home in  
Carthage, suffering from progressive  
paralysis, was not much improved  
today.

The township trustees, comprising  
the board of education, were in ses-  
sion this afternoon in the office of  
County Superintendent C. M. George.  
Only the usual business was to be  
transacted.

### STATED CONVOCATION.

Rush Chapter No. 24, Roy-  
al Arch Masons, will hold a  
stated convocation in the  
Masonic Temple this evening at 5  
o'clock. Business of importance  
will be considered. Companions are  
urged to be present.

# What to Wear in Coats

**Y**OU'LL soon want to choose your coat for fall and winter. Knowing the correct style features for the season will make it so much easier to choose right.  
You'll find not only correct style, but the added value of superior quality and tailoring in these Wooltex coats.

Thirty-four years of coat designing and tailoring experience are back of coats that bear the Wooltex label. They lead America. They combine the best style ideas of the world's great fashion centers—Paris, London, New York and Cleveland.

## Fashion says coats must have certain style features

- See them in the coats**  
Your coat must show the natural lines of the figure, but without being tightly fitted. Or, it must hang loosely from the shoulders and may be loosely belted. Coats of either general style are smartly flaring from waist downward.
- Belts in novel effects**  
Belts were never so stylish. Belts all around or short belt effects at sides or across the front, are artistically used to add to the dressy effect of the whole coat.
- Fabrics are greatly varied**  
Rough fabrics in solid colors, two-tone combinations of cloth and trimmings, and Scotch mixtures have Dame Fashion's stamp of approval. One of the decidedly fashionable coatings is Pompadour cloth, to be found only in the Wooltex Pompadour coats.
- Collars of plush, cloth or fur**  
High, straight collars of plush or fur are ultra fashionable. Bands to match encircle the cuffs and lower edge. Self cloth collars are convertible, and may be worn low if desired. Revers are wide.

**P**URE wool materials tested by experts, and custom quality tailoring support correct style in every Wooltex coat.

No matter how many seasons you choose to wear your Wooltex coat, it stays good looking. It is refined, genteel—the ideal for a gentlewoman.

The variety of models, in many cloths and colors, makes it easy to select one that is becoming to you.

Wooltex Coats at \$16.50 to \$45  
Suits at \$25 to \$65  
Skirts at \$5 to \$15

## AIRSHIP FLIGHTS AT HORSE SHOW

Contract is Signed With Henry B. Marks For Six Performances And Fireworks at Night

ALL FREE ATTRACTIONS

Industrial Parade Committee is Obtaining Signatures by Wholesale For Big Pageant

Six airship flights and four nights of fireworks are the free attractions which will be offered at the annual fall festival and horse show here the week of October 25-30.

The free attractions committee has just signed a contract with Henry B. Marks to bring the airship and fireworks. The committee has been bargaining with Mr. Marks for several days in an attempt to reach an agreement.

The airship flights will take place Tuesday, Wednesday and Thursday of the last week in October, two each day. The contract calls for one flight in the morning and one flight in the afternoon of each day, with fireworks each night of Tuesday, Wednesday, Thursday and Friday. The fireworks will probably be given at Edgewater Park.

The contract with Marks also calls for 10 concessions, 2 of which will be a ferris wheel and merry-go-round. The other concessions will not be anything of the sort which will conflict with local business men.

The high class of the free attractions is expected to make the festival and horse show this year the best one ever held. Last year new attendance records were set and the event assumed larger proportions than ever before, but this year, various committees in charge are determined to make it by far the best one.

Early indications are that the horse show will attract wider attention than it did last year. W. S. O'Neal, manager, has received inquiries from many parts of the state and some from outside the state concerning the horse show. The class of the entries will be higher and the competition keener than ever before in the history of all of Rushville's horse shows.

The industrial parade committee is at work early this year in an effort to bring out a larger number of shows for the parade than last year, when the first one was held. It was last year that the industrial parade got a firm hold and became an established part of the horse show.

The industrial parade committee has been obtaining the signatures of business men who will enter the parade. So far practically every business interest seen has promised to go into the parade. This means that there will be many things represented in the parade this year that were not in last year. At that time the parade was such a success that those who did not get into it regretted that they had not. But this year they are not going to overlook the chance.

Mr. Marks, who will be in charge of the free attractions, was the manager for Col Paul Peck when the latter made an airship flight here three or four years ago. That was the only time that an airship was ever seen here. Mr. Marks was the managing director of Kokomo's \$100,000 industrial exposition recently and is now engaged in managing a similar exposition at Gary.

### FELLOWCRAFT DEGREE

The Masonic lodge will have work in the Fellowcraft degree on Tuesday evening at seven-thirty o'clock. A full attendance is urged.

## AUTOMOBILE TURNED OVER

But Herbert Meek And Lawrence Root Escaped Injury

A touring car owned by Herbert Meek of Greensburg was slightly damaged Sunday afternoon when it turned over south of New Salem. The accident is said to have been caused by a loose steering knuckle. Meek was accompanied by Lawrence Root. The driver lost control of the machine and it turned over in the ditch. The occupants escaped by jumping and were not injured. They stated that the car was not traveling at a high rate of speed when the accident occurred.

## FINE PROGRAM BEING ARRANGED

Tribute Will be Paid to James Whitcomb With Program at Graham Annex Wednesday Night

### SOME MUSIC AND READINGS

James Whitcomb Riley's birthday will be celebrated Wednesday night at the Graham Annex auditorium under the auspices of the Parent-Teachers association of the high school. The best talent in the city will participate in the program, which is open to the public. No admission will be charged and it is hoped to make the program one of the best ever given here.

The program has not been completed, but several of the numbers have been arranged. The Rev. C. M. Yocum will speak on "Riley and His Poetry." Miss Norma Smith and Miss Frances Frazee will give several readings and the high school glee club will sing three selections. The selections are "Little Orphan Annie," "There, Little Girl Don't Cry" and "The Jolly Miller."

Riley's birthday is Thursday but it will be observed here Wednesday night, because the program could not be arranged for Thursday without conflicting with other plans.

## TO TRY OUT THEIR CHANCES

Two Terre Haute Convicts File Habeas Corpus Proceedings

(By United Press.)  
Kansas City, Oct. 4.—Habeas corpus proceedings were instituted in federal court here today by attorneys for Harry S. Montgomery and Dr. John C. Green, election officials convicted in the Terre Haute fraud cases. The action is filed to try out the chances of securing the release of other Terre Haute prisoners in Leavenworth.

### Y. M. C. A. OPENING

Indianapolis, Ind., Oct. 4.—Today was Der Tag for Indianapolis boys and young men. It was the opening day at the Y. M. C. A. gymnasium which during the fall and winter is the most popular place for boys. Gymnastic exercises marked the opening program.

Mr. and Mrs. George A. Suess, who moved here some time ago from Oklahoma, and have been living with Mrs. Suess' parents, Mr. and Mrs. J. B. Pusey 528 N. Jackson street, have moved to 405 North Jackson street.

The funeral services of Mrs. John Morrison, who died Saturday afternoon at her home, south of Homer, were held this afternoon at the late residence and burial took place in Hurst cemetery.

## BIG CLAIM IS BEING HEARD

Mrs. Jessie L. Alexander Demands \$6,583 From Estate of Late Leander Veatch.

### A REVISED COURT CALENDAR

Court Grants Mrs. Jeanette Hardin a Divorce and Gives Her \$125 in Alimony.

A jury was selected this morning to hear the claim of Mrs. Jessie L. Alexander, administratrix of the estate of the late Leander Veatch, in which she demands \$6,583 for services rendered to Mr. Veatch, including board and room and care during his last illness.

Because of the size of the claim the case is being hard fought. Thomas E. Davidson of Greensburg is acting as special judge. It was expected that the case would occupy most of tomorrow. The bill for services, which is the basis of the suit, covers a period from 1910 to 1914, and calls for nurse hire at the rate of \$30 a week. Mr. Veatch died from tuberculosis.

The jury is as follows: Charles Hugo, Daniel M. Kinney, Jabez Winship, William Cook, W. R. Taylor, Will Kirkpatrick, J. Milt Stiers, Conrad Kiser, W. B. Morris, O. A. J. Hall, Charles N. Sweet and George Frank Windeler. The plaintiff in the case is represented by A. L. Gary and Meggee and Ross. The estate is represented by Kiplinger & Smith and B. F. Miller.

Judge Sparks this morning returned his finding in the divorce suit of Jeanette Hardin against Robert Basil Hardin, granting Mrs. Hardin a divorce and restoring her maiden name of Jeanette Glendenning. The plaintiff was also given alimony in the sum of \$125 and \$75 attorney fees, \$100 payable within thirty days and the other \$100 payable in six months all to bear interest at six per cent. The costs in the case were assessed against the defendant. The case was one of the hardest fought divorce suits tried here in several years. Mrs. Hardin originally demanded \$1,000 alimony.

Judge Sparks has revised the court calendar extending it to the second week in November. The revised calendar is as follows:

Oct. 6—Gunning vs. Waltemire.  
Oct. 7—Oliver Typewriter Co. vs. Hutchinson.  
Oct. 8—Johnson vs. Gray.  
Oct. 9—Wilson vs. Wilson; Hendricks vs. Hendricks; Cadle vs. Cadle.  
Oct. 11—Herkless vs. Traction Co.; Empire Separator Co. vs. Carr.  
Oct. 12—Litteral vs. Jones; Howard vs. Emsweller.  
Oct. 13—Schneider vs. Wainwright.  
Oct. 14—Ramley vs. Irvin.  
Oct. 15—State vs. Monks.  
Oct. 16—Coyne vs. Coyne; Tompkins vs. Walker; Wolfe vs. Wolfe; Freeland vs. Prine; Sleeth vs. Sleeth; Bigham vs. Bigham.  
Oct. 18—Patton vs. Reed.  
Oct. 19—James vs. Daniels.  
Oct. 20—Pinnell vs. Curry; Kenner vs. Naden.  
Oct. 21—Kennedy vs. Hodell Furniture company; Case vs. Irvine.  
Oct. 22—Bever vs. I. & C. Traction company.  
Oct. 23—Fisher vs. Fisher; Hawley vs. Hawley; Noble vs. Holden.  
Oct. 25—Green vs. Big 4.  
Oct. 26—State vs. Clifford Horr.  
Oct. 27—State vs. McConnell.  
Oct. 28—State vs. Moore.  
Oct. 29—State vs. Stewart.  
Oct. 30—State vs. Weever; Haydock vs. Haydock.  
Nov. 1—Warner Instrument Co.

## WHITSETT SENT TO CHURCH HERE

Former Superintendent of Bloomington District New Pastor St. Paul's M. E. Congregation

### TEVIS GOES TO MARTINSVILLE

Rev. A. D. Batchelor Sent to New York State—Other Assignments in This District

(By United Press.)  
Indianapolis, Ind., Oct. 4.—The announcement of the appointments in the Indiana conference of the M. E. church was delayed until late this afternoon and then but a few of the districts were given out.

Although the appointment was not confirmed, it was practically certain that Dr. John S. Ward, formerly pastor of the First church in Shelbyville, would be the next superintendent of the Connorsville district to succeed Dr. V. W. Tevis, of Rushville whose term of six years had expired.

Dr. Tevis was slated to be sent to the Martinsville charge although it had not been officially given out today.

The Rev. William Whitsett, formerly superintendent of the Bloomington district, was assigned to St. Paul's M. E. church, Rushville.

Other assignments in the Connorsville district were as follows:

Milroy, the Rev. Clyde S. Black. Richland, the Rev. U. G. Abbott. Glenwood, the Rev. Daniel Ryan. Falmouth, the Rev. F. A. Oberbaugh. Milton, the Rev. M. S. Taylor. Morrisstown, the Rev. P. A. McCullough.

Liberty, the Rev. C. W. Whitman. Connorsville, First church—the Rev. F. A. Guthrie; Main Street—the Rev. F. M. Westhaver.

Shelbyville, First church—the Rev. W. S. Wykoff; Main Street—the Rev. Clarence Kinneman; West Street, the Rev. S. J. Cross.

The Rev. Mr. Whitsett, who comes here from Martinsville, for six years was superintendent of the Bloomington district. He is said to be a very capable minister, and a man of unusual ability.

The official board of St. Paul's M. E. church received word at noon that the Rev. Mr. Whitsett had been sent here, that the Rev. A. D. Batchelor had been sent to New York state and that the Rev. V. W. Tevis had been sent to the Martinsville charge.

The Rev. Mr. Batchelor came to Rushville two years ago from Martinsville. He was formerly in the conference in a western state. By sending him to a charge near New York City, Bishop Anderson removed the Rev. Mr. Batchelor from the Indiana conference.

It was with a great degree of sadness that the friends of Dr. Tevis learned that he was to leave the city. He has resided here during the time of his ministry at St. Paul's M. E. church and during the six years he was superintendent of this district.

### HOLDS FALL OPENING

(By United Press.)  
Washington, Ind., 4.—All Washington was decked out today for the fall opening which is a gala affair in this city. The streets were decorated in honor of visitors from over the county.

The Big Four railroad is making repairs at the local depot. A cement platform, the entire length of the station is being put in. The station is being repainted a gray, trimmed in green, and adds much to its looks. The station is also being remodeled on the interior.

## FROST IS COMING TONIGHT

Big Drop in Temperature is in Prospect, Forecast Says

With the temperature standing at eighty degrees today, Rushville had in prospect a big drop in temperature because the weather man predicted frost for tonight. Cloudy and colder is the forecast for Tuesday. The frost is not expected to night without the skies clear up. Frost is not feared by truck gardeners and farmers now because vegetation is past danger.

## NAVAL PROGRAM DISCUSSED TODAY

President Confers With Secretary Daniels And Will Meet Advisory Board Wednesday.

### BALANCED FLEET FAVORED

(By United Press.)  
Washington, Oct. 4.—The financing of a naval preparedness program was discussed at a white house conference today between the president, Secretary Daniels and Chairman Taggart of the House naval committee.

Next Wednesday the new naval advisory board of which Thomas A. Edison is chairman will meet with the president at his request, it was announced.

"This country needs battle cruisers, fast ships of size and strength to command the waters," Daniels said after the conference. He denied at the same time that he favored a great number of submarines at the expense of great battleships.

"On the contrary," the secretary said, "I am in favor of a perfectly balanced fleet."

## THREE COLORED MEN ARRESTED

To be Arraigned in Squire Kratzer's Court For Disturbing Church Social at Carthage

### EXTRA CHARGES ARE FILED

Edgar Archey, William Newsom and Gurney Scott, colored all of Carthage were arrested this afternoon by Ray Lakin, constable from Squire Kratzer's court, as the result of a disturbance at a church social in Carthage last Friday night. All three of the men are charged with disturbing a public meeting and in addition Archey is charged with assault and battery and Newsom with assault.

The charges against the three colored men were filed by Quincey Beckner, deputy constable of Carthage and John Tuttle. The men were expected to be given a hearing late this afternoon before Squire Kratzer.

### OPENS VOCATIONAL SCHOOL

(By United Press.)  
Evansville, Ind., Oct. 4.—Convinced that the vocational school is going to occupy a prominent part in the educational system, Evansville tonight opens a night vocational school, one of the first in the state. Foremen in factories are included in the list of instructors.

Mrs. J. G. Beale was operated on for appendicitis at the Sexton sanatorium today.

## TAGGART'S NAME IS BROUGHT IN

Robert Henderson Was Given Something by National Committee—man in Denison Bar

### TESTIMONY OF J. F. NUGENT

Saloon Keeper Says he Was Forced by Threats to Contribute to Democratic Fund

(By United Press.)  
Indianapolis, Ind., Oct. 4.—Thomas Taggart, the national committeeman, "gave something" to Robert (Hawshaw) Henderson of Terre Haute the day of the primaries here and later Henderson exhibited the money in \$1 and \$2 bills with the statement "I've got the stuff," according to the testimony of John F. Nugent, former night chief of Terre Haute in the election conspiracy trial of Mayor Bell today.

Nugent is the former appointee of former Mayor Donn Roberts of Terre Haute.

"On May 5, (the day of the local primary) I was with Thomas Taggart, Henderson and others in the back bar room of the Denison hotel (Taggart's hotel). Taggart took Henderson to the front of the bar and gave him something," said Nugent.

"Later Henderson showed me some money in \$1 and \$2 bills, which he said Taggart had given him. I've got the stuff," he said Henderson said.

On cross-examination Attorney Ryan asked: "And you are the man who received the bribe of freedom for testifying against the mayor and the circuit judge?" He referred to the federal trial.

"The federal judge was A. B. Anderson and the district attorney was Frank Dailey," answered Deputy Prosecutor Roach.

William Doerner, clerk of the board of safety of Terre Haute, testified that before the primaries he gave Henderson a letter of introduction to Sam V. Perrott, local police chief.

That Robert Metzger, member of the board of safety, took a Republican saloon keeper to Chief of Police Perrott and that the saloon man was forced by threats to contribute to the Democratic campaign fund was a point of evidence brought out today by the state in the trial of Mayor Bell for election corruption conspiracy. Metzger is named in the indictment.

August Guffre, the saloon keeper said Perrott asked him whether he had said: "To hell with the mayor, I'm a Republican." The witness denied he had said that.

David Rosuch, another saloon keeper who said he had been in the business for eighteen years, testified that when he refused to pay \$50 to Herman Adams, a city employee, the police every afternoon drove patrons from his place. He finally paid \$20 to the fund, he said.

The state indicated that it might close Thursday.

## NOTES OF THE BELL TRIAL

(U. P. Staff Correspondent)  
While the state in the trial of Mayor Bell has been devoting itself to weaving what it hopes will prove to be a complete network of evidence proving a conspiracy, its evidence has not provided the sensations incident to the government's case at Terre Haute. Defense lawyers say, however, that an effective conspiracy may exist without the high-handed

## Duroc-Jersey Swine Sale

The undersigned will sell at Public Auction at his farm, one-half mile east of Falmouth, Indiana, on

Wednesday, October 6th, 1915

61 Head of Pure Bred Duroc Jersey Swine

ALL IMMUNE AND GUARANTEED CHOLERA PROOF

I am putting up the best lot I have ever had, both as to breeding and individuality. Thirty Fall yearling gilts, 16 February and March boars, 12 to 15 Spring gilts—about 61 head in all. All have had the double serum treatment for prevention of cholera. I fully guarantee them to be immune from that disease. I will make anyone a present of any one of them if they find with a bad back or broken down pasterns. They have not been stuffed; are in just moderate flesh. In shape to go on and do you good. All of this offering are sired by Col. Jackson II 31331. He is bred the same as Defender, the twice champion at International Stock show. Their sires were full brothers, and their dams both sired by Orion Chief. The dams are by Long Chief 35981, full brother to Cherry King, Fancy Col. and Orion Col. M. Anyone at all acquainted with the breed knows that they were among the very highest, tip-top show and breeding boars of the breed. Come and see them and buy a good yearling sow that the stamina has not been fed out of.

TERMS—Made known day of sale. Strangers from a distance wanting credit will please bring with them their latest home bank reference, and settle with notes their home bank will accept.

SALE UNDER WATERPROOF TENT. RAIN OR SHINE.

## WHEAT SOWING IS GETTING UNDER WAY

Fall Work Will be in Full Blast This Week, Which is Accepted Time For Seeding

SOME WAIT UNTIL OCT. 10

Hundreds of wheat drills in this county have already been run out of their sheds and oiled, ready to begin putting in the Rush county wheat crop. A large number of the drills, in fact the majority of them, will begin operations this week. Tuesday, October 5, has been fixed by Purdue as the fly free date for this section, but most of the farmers believed that one day sooner will make but little difference and, besides, the first day's sowing is generally not a large one, because it takes some time to get things started.

Some farmers state that they will not begin sowing wheat until after October 10, and a few have already begun as much as a week ago. The earlier sowing, however, has been principally in the corn ground. Most, or all, of the ground intended for this year's crop of wheat is already plowed and about all of it has been placed in condition for the sowing. However, there are exceptions to this, but the delays have been caused by the frequent rains.

It is not believed that the wheat crop to be sown in this county will be quite as large this year as usual. The heavy wind and rain storms which blew much of the corn down earlier in the season have made it impossible to seed extensively in the corn ground and, besides, the wet season has prevented some ground from being plowed at all. The unplowed fields are mostly to be found in the townships having clay soil which have not become dry as quickly after the rains as the more sandy soil.

## MRS. ENOS HENLEY DIES

Prominent Friend Expires at Home in Carthage Sunday

Mrs. Carrie Henley, 70 years old, wife of Enos Henley, died Sunday about noon at her home in Carthage after a long illness, from heart disease and complications. Mrs. Henley was a devoted member of the Friends church and was a widely known woman. She is survived by her husband and several children and a large number of other relatives. The funeral services will be conducted Tuesday afternoon at two o'clock in the Friends church and burial will take place in the church cemetery.

## True Secret of Keeping Youthful Looking

(The Beauty Secret.)

"The real secret of keeping young-looking and beautiful," says a well-known specialist, "is to keep the liver and bowels in normal condition. Without these organs, poisonous waste products remain in the system, polluting the blood and adding in various organs, tissues, joints. One becomes sallow, nervous, and mentally sluggish. The eyes, wrinkled and mallow of face.

"But to get liver and bowels working as they ought, without producing evil results, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humblest vegetable source, which has been called 'vegetable calomel' because of its effectiveness—though of course it is not to be classed with the real calomel of medicine. There is no habit-forming constituent in 'Santal' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless, vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Santal tablets, which may be procured from any druggist, will not only give a revelation to any constipated, liver-troubled person."

## Chief Cause of Pimples, Blotches, Sallow Skin

(Message of Health.)

Unsightly eruptions, pimples, blemishes, blotches, sallow skin, usually are due to a sluggish liver, a constipated bowel and a polluted blood stream as a consequence. How foolish in such cases to resort to outward application, which can never have natural, permanent results. If more people only knew it, there is a very simple remedy, to be found in any drug store, which is so easy to use, so quick acting, it is an old formula, long recognized by the medical profession, which has been put in tablet form, and at such small cost no one need be deprived of its wonderful benefits.

"Santal tablets"—that's the name—are entirely vegetable and there's no habit-forming ingredient in them. They act about a dime's worth, and swallow one at bedtime to realize there's nothing else quite so good for the purpose. The action in the morning is so easy, so comfortable, and quick acting, it is an old formula, long recognized by the medical profession, which has been put in tablet form, and at such small cost no one need be deprived of its wonderful benefits.

## Great Demand for New Constipation Remedy

They say that the advent of the "Santal" tablet as a vegetable substitute for calomel has resulted in an extraordinary demand for this reliable product. It seems to have made a bit particularly with those afflicted with chronic constipation, who were slow to recognize its advantages over calomel and the usual laxatives.

Santal tablets, aside from their efficacy, doubtless owe their success largely to a tendency which is bringing about a natural functioning—instead of encouraging the "cathartic habit." Also, instead of injuring the membranous lining of the organs involved, they exert a healing influence. Instead of weakening, they add tone to the intestinal wall. And they work so easily and gently, they are of course preferred on this account to the violently acting purgatives. Their inoffensiveness is another reason for the popularity of Santal tablets. One need procure only a dime's worth, and take one tablet upon getting to be in bed, that the ideal remedy for constipation, torpid liver, and their many evil consequences, has finally been found.—Drug Store Review.

## The Daily Republican

The "Old Reliable" Republican Newspaper of Rush County.

Published Daily, except Sunday, by THE REPUBLICAN COMPANY

Office: Northwest Corner of Second and Perkins Streets.

RUSHVILLE, INDIANA.

Entered at the Rushville, Ind., Post-office as Second-class Matter.

TELEPHONE NUMBER, 1111.

Monday, October 4, 1915.

Now, if the defenders of and apologists for the President can get any consolation out of the record, they are welcome to exploit it to their heart's content. Not one of them has the hardihood to challenge the veracity of the fighting Democratic Chairman of the House of Appropriations Committee. J. J. Fitzgerald, who in an address to Congress, told of the excessive recommendations of members of the cabinet. An issue of that kind between Wilson and Fitzgerald might very easily start a movement for Fitzgerald as a nominee of the Democratic party in the place of Wilson. If the campaign is to be on a platform of economy, certainly the Democrats would find it easier to support Fitzgerald than Wilson.

There is the story of the boy who stood second in his class, but who did not explain that there was only one other boy in the class. So now we are told with great glee that America stands second as a ship owning nation. Great Britain is first, with 21,274,068 tons of merchant ships, and Uncle Sam steps up to second place with—8,319,486 tons. It is the war that has brought America up to this point, but it will take more than war to keep her there and to enable her to make gains on England. It will require a settled policy of encouragement to ship-owners and ship-builders instead of the present congressional hostility. And it is to be noted that Japan is putting out \$10,000,000 a year for four years in subsidies to build up a Japanese merchant marine.

The value of imports at the 13 principal customs districts of the United States for the week ending September 11, 1915 was \$26,921,467 on which duties were collected to the amount of \$2,813,917,—an average ad valorem rate of duty of 10.4% compared with an annual average ad valorem rate of duty of 17.6% under Republican law. This means a large volume of imports which are paying no revenue to the Government, but are entering into competition with home products. It furnishes one reason why our Treasury balance is melting away.

The net balance in the Federal Treasury on September 20 was \$45,907,745, as compared with a balance of \$128,487,715 on the corresponding date two years ago when revenue laws and appropriations enacted by Republican administration were in effect. The deficit to September 20 was \$35,120,396.

The versatility of woman need no longer be illustrating by citing examples of women blacksmiths, or of female carpenters, or of lady bank presidents, for out in one of New York city's suburbs there has been discovered a successful woman burglar with more than 35 neat jobs to her credit.

"I am loyal to home and home institutions. I am a good citizen." Can you say it?

Possibly the weather man would have us return to the pleasing pastime of swatting the fly.

## Notice of Final Settlement of Estate.

Notice is hereby given to the creditors, heirs and legatees of Minnie E. Widau, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 11th day of October, 1915, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of Said Court, this 20th day of September, 1915.

## Current Comments

In The House of Friends.

(Indianapolis Star)

The political opponents of President Wilson have been remarkably considerate of him from the beginning of his administration. Seldom has a president escaped with as few attacks from members of the opposing parties as he, though it is well understood that his course in many respects does not meet their approval. Perhaps it might have been better had they been more outspoken but at all events they have refrained from criticism in a noticeable way.

It has remained for democrats of high degree to discipline him, possibly for the good of his soul, but purposely for the good of his party. There is Mr. Bryan, for example, who must have been a thorn in the president's flesh from the beginning and who is now going up and down the country encouraging a foolish peace sentiment that may interfere with the president's plans for preparedness. There is Editor Watterston, who flatly tells Mr. Wilson that if he lend himself again to the promotion of Son-in-Law McAdoo's free shipping scheme, his party will go to defeat in the next election.

And now comes Col. George Harvey, who first "discovered" Wilson as a presidential quantity, but now takes his erstwhile protege up and down the line administering a rap at every step. It is the president's method of dealing with Mexico that fills Col. Harvey with pain and wrath. He declares that Mr. Wilson's course has been vacillating and inconsistent, that he has no moral or legal right to say who shall or shall not be president of Mexico, that his warfare against Huerta was unjustified and that his careless abandonment of Americans in Mexico was in violation of every principle of honor and justice.

If the democratic brethren continue to tell the truth to Mr. Wilson in this way, there is really no need for outsiders to admonish him. They can enact the part of spectators and note the thoroughness of the job.

## HOOSIER HISTORY

Prepared for the United Press by the centennial department of the Indiana Historical Association.

## HOOSIER A POLITICAL ANIMAL

"Man is a political animal," said Aristotle. Especially if he is a Hoosier. The so-called middle period of United States history was characterized by the most intense partisanship. Every man was his own politician. This was strikingly true in such states as Indiana where northern and southern elements met and struggled for supremacy. Indiana has nearly always been a close pivotal state. Witness the fact of the four vice-presidents credited to her. George Fitch in his vest pocket essay on Indiana said that the birth of twin boys in the state was hailed as an event of political importance as liable to turn an election 20 years hence.

## WAR NEWS OF ONE YEAR AGO TODAY.

\* The French War Office reported that there were no new developments on the western front but that the generals' situation was favorable.

\* The German War Office announced that repeated attempts to outflank its armies had been repulsed. It was declared that the Crusier Karlsruhe had sunk seven British steamers in the Atlantic.

\* The Belgians admitted that the forces defending Antwerp had fallen back to the River Nethe.

\* Petrograd news dispatches said that the Germans had evacuated Russian Poland and that whole regiments had been drowned in the River Nieman.

\* The Czar had left for the front.

\* A news despatch from Nish declared that the Serbians had made a raid on Camlin had recrossed the Save river to Belgrade.

## JITNEY IN FIGHT FOR ITS LIFE

Decision of Judge Anderson Will Effect More Than Those in Terre Haute in Precedent

WON FIRST TWO CLASSES

Trust Company of Philadelphia Holding Interest in Traction Line Now in Fight

(By United Press.)

Indianapolis, Ind., Oct. 4.—The jitney bus entered today upon its third fight for existence in Indiana. Upon the decision of Federal Judge A. B. Anderson depends, whether the nickel-a-ride autos shall continue to offer active competition to traction companies in many Indiana cities.

The decision of Judge Anderson will affect far more than the 200 busses in Terre Haute. A precedent will be established that will apply to every city.

The hearing of the petition of the Fidelity Trust Company of Philadelphia that 59 jitney operators in Terre Haute be enjoined from conducting their business opened before Judge Anderson this morning. The contention of the Philadelphia company which is bondholder for the Terre Haute street car lines, is that the jitneys should be forced to obtain franchises to operate on the city streets, since they are common carriers. The answer of the jitney operators was that the right to the city streets was a common right before it was a franchise right.

The jitney men were easily successful in vanquishing their traction opponents in the first two fights. A bill was nipped in the bud when it appeared before the state legislature and an attempt made before the state public service commission to handicap the jitneys failed when the commission declined to declare the jitney a common carrier.

## NUT CROP IS HEAVY; HEAVY FROST NEEDED

Hickories Cling Tightly to Branches But Walnuts Are Beginning to Fall Some Places.

## RECORD YIELD PREDICTED

While there has been some rather chilly weather, it has not been cold enough to cause the frost necessary to make the hickory nuts leave their high perches and drop to the earth.

Reports from the country say that the hickory trees are loaded with the nuts this year. They are still loaded, too, for the light frosts that have occurred on several mornings of the fall have not been sufficient to dislodge them. 'Twould take a good climber to get them now. The walnuts, of which there are many, have begun to loosen their hold on the limbs and tumble to the ground, where they are eagerly gathered by the youngsters. Stained hands, as brown as the wet earth, give evidence of the fact that the annual walnut harvest is now on. There are enough of the nuts to stain several more pairs of hands before the snow flies.

## Notice of Sale of Horse to Satisfy Lien

TO ED L. BROWN, CHILLICOTHE, MISSOURI, AND ALL OTHERS CONCERNED:

You and each of you are hereby notified that I will offer for sale at public sale at my training stable on the Rushville and Andersonville pike, one-half mile south of Rushville, on

MONDAY, OCTOBER 12th, 1915,

at one o'clock p. m. of said day, one bay mare ten (10) years old, named "Halena P." record 2:17½, sired by "Peter the Great," dam by "J. J. Anderson," the property of Ed L. Brown, to satisfy my lien for feed and care bestowed upon said mare at the special instance and request of said Ed L. Brown, amounting at this time to two hundred forty-one dollars and 80 cents (\$241.80).

Respectfully,  
HARRIE JONES.

### CHAMPIONS MAY BE REPEATERS

Looks Like Three High School  
Teams Last Year Will be  
Strong This Year

SEE SUCCESSFUL SEASON

Followers of Gridiron Sport Say at  
Least Fifty High Schools Will  
Have Elevens

(By United Press.)  
Indianapolis, Ind., Oct. 4.—With the alumni, scrubs and other preliminary games out of the way, Indiana high school football teams settled down today for the fight for the state championship. An analysis of the dope bucket contents today

showed with surprising clearness that the three leading teams of last year—South Bend in the northern section, Kirklin in the central section and Wiley of Terre Haute in the southwestern section—have good chances to repeat with a possible exception of the last.

However, the same difficulty will be found this year as in the past in picking a state high school football champion. Lack of intersection all games, since the decline of the game in the high schools a decade ago has often resulted in no unanimous choice for the title.

The method generally followed is the sectional choice.

In the north this year it appears that South Bend will meet rather formidable opponents in Gary, Hammond and Elkhart. All but one of last year's regulars graduated at South Bend. The remaining veteran is Captain Xilkey who was picked for the All-State last year. By defeating the strong Bowen high school team of South Chicago by a 18 to 0 score in the first game, Hammond showed signs of becoming a serious contender for the northern title. The little town of Kirklin which has turned out some of the strongest high school elevens in the state looks good to produce another claimant for not only the central championship but the state honor despite the loss of Huffine and Kreisler, members of the 1914 All-State team. Coach Huffine has seven veterans as a nucleus for what he predicts will be the champion team of Indiana. Not only has Kirklin a good chance of coping the state title but it has a schedule which would leave little room for argument as to the team's claim. Kirklin meets Sheridan and Greenfield, their two strongest opponents in the central section, Linton and Wiley, the two strongest in the south and Rensselaer, one of the leading northern elevens.

The southern championship bids fair to slip from Wiley of Terre Haute this year. The Terre Hauteans appear to have the least chance of the three sectional champions to repeat. Linton, the producer of such college prodigies as Oliphant, of Purdue and Gill of Indiana, and a runner up of last year, is doped as stronger than last year while Wiley may be weakened by the loss of Coach "Happy" Wann, now at Milliken College. Evansville also promises to be a factor in the southern race.

Followers of high school football predicted today the most successful season since the gridiron sport suffered its decline. Forty-three high school teams played football last year. It is expected that the number will be increased to fifty this year.

### ALL-PROS DEFEAT RUSHVILLE TEAM

Game Featured With Plenty of Hitting Won by Cincinnati Team by Score of 10 to 7

RALLY STAGED IN EIGHTH

Jack Benny's All-Pros defeated the Rushville team 10 to 7 yesterday afternoon at Edgewater park. The game was rather ragged and was a free hitting contest. The All-Pros held the lead throughout the game.

The Rushers staged a rally in the eighth inning that netted two runs. The rally was cut short however when the team had the bases filled. With the score standing 6 to 2 in favor of the All-Pros Rushville succeeded in making four runs and then the Cincinnati team pulled away and the lead was too much to overcome.

Sanford pitching for Rushville was hit rather freely by Benny's sluggers, while Decatur pitching for the All-Pros showed some real class. A small crowd was in attendance.

### MAXWELL'S SWAT BREAKS UP GAME

Connects For Home Run in Last Half of Ninth Defeating Brookville 3 to 2

LEAKE OUTPITCHED GEARY

Maxwell, Connersville's right fielder, put the rollers to Brookville yesterday by knocking a home run in the ninth inning. The game was one of the best ever played in Connersville and was witnessed by a crowd of 1,500 people. With the score tied in the ninth, Maxwell, the first man up connected with the first ball pitched for a home run making the score stand 3 to 2. Local fans who saw the game say it was the longest hit they ever saw. The ball went over the center fielder's head and rolled down the path leading to the bridge from the ball park. It was a sensational finish to a well played game. Al Leake pitching for

Brookville had a shade on Bob Geary pitching for Remington. The two teams play at Brookville next Sunday. Humpty Badel, formerly of the Rushers is playing first base for Brookville and George Rohe is playing first for Connersville.

### I. U. ALUMNI ARE IN HIGH SPIRITS

Expect Largest Crowd Ever at Football Game in Indiana at Washington and Lee Contest

TICKETS ARE PUT ON SALE

(By United Press.)  
Indianapolis, Ind., Oct. 4.—Predictions of local Indiana University alumni headed by State Superintendent Greathouse, chairman of the committee on arrangements for the Washington and Lee-Indiana football game to be played here on Oct. 30, that the game will be witnessed by the largest number of people of any game ever played in the state, seemed justified when tickets were placed on sale here. Large numbers of individual buyers appeared while large blocks of one and two hundred were ordered reserved for Crimson followers in Marion, Huntington, Anderson and Evansville.

Chairman Greathouse announced today that an effort will be made to obtain the attendance of a large number of the old grads at the annual "I" men's banquet here on the evening of October 29.

### CONCERNING LEGAL FEES

Booklet Sent to County Officials by State Examiner

In an effort to secure a more uniform system of fees for the county officials G. H. Hendren, state examiner, has sent to all the Rush county officials a booklet containing information concerning the fees which they can collect legally. According to the letter from the state examiner, there has been a misunderstanding among county officials of the state and as a result many fees have been claimed which cannot be collected legally. **Smoke FAIR PROMISE to Cigars**

## IOWA WOMAN TELLS OTHERS

How Lydia E. Pinkham's Vegetable Compound Carried Her Safely Through Change of Life.

Cedar Rapids, Iowa. — "At the Change of Life the doctor said I would have to give up my work and take my bed for some time as there was no help for me but to lie still. I took Lydia E. Pinkham's Vegetable Compound and kept up my work and now I am over the Change and that is all I took. It was better for me than all the doctor's medicines I tried. Many people have no faith in patent medicines but I know this is good." — Mrs. E. J. RICHARDS, 364 8th Avenue, West, Cedar Rapids, Iowa.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dizziness, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly headed by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

If there are any complications you don't understand write Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass.

## PUBLICITY GOOD FOR THE SCHOOLS

One of The Best Means For Securing Co-Operation of Community, Bulletin Declares

ISSUED BY EDUCATION BUREAU

School Boards That Are Not Managing Aply do Not Fear to Turn on Searchlight

Frank publicity in securing the co-operation of the community in the work of the schools is urged by W. S. Deffenbaugh, of the U. S. Bureau of Education, in a report on "School Progress in the Smaller Cities," just issued.

"School boards that are managing the schools ably and honestly do not fear to turn on the searchlight," declares Mr. Deffenbaugh. "The sentiment is growing among school boards that the public should know how its money is expended. In the most progressive schools, the board and the superintendent are presenting facts to the people either in printed reports, in newspaper articles, or by both.

"Some schoolmen, however, object to furnishing the newspapers with school information on the ground that they are thereby advertising themselves. A superintendent who was complaining about lack of interest among the parents in the schools of this city was asked whether he reported progress of the schools through the local papers. He replied that he did not believe in advertising himself. He failed to grasp the idea that school news is not for the purpose of boosting a superintendent; besides being legitimate news, it calls attention to the needs of the work of the school so that the school may become more efficient.

In several cities, as Fredonia, Kans., there is an educational issue of the local paper. In some other cities there are daily school news notes. On the whole, the public is becoming better informed regarding the schools than it was a few years ago. The tendency is toward greater publicity by means of printed reports and newspaper articles.

"That the schools can work to advantage through women's civic improvement clubs and through parent-teacher associations has been thoroughly demonstrated in many of the smaller cities. Such clubs are often instrumental in the introduction of kindergartens, manual training, and domestic science. The superintendent of one school utilized the women's clubs of the city by asking that each club give some consideration to the question. What can be done to improve the efficiency of your schools? Each club discussed the question and sent a representative to present to the teachers the ideas of the club. In the opinion of the superintendent of schools in that city, the plan aroused interest among the women of the city in better schools."

These and other plans for arousing interest in school work are discussed in chapter IV, Vol 1 of the 1914 report of the Commissioner of Education. This is obtained as a separate publication.

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects. If you have a pale face, yellow skin, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women, as well as men, take Dr. Edwards' Olive Tablets and then just keep in the pink for condition. Dr. Edwards' Olive Tablets are successful substitutes for calomel—10c and 25c per box, Wall Drug Co., Minneapolis, Minn. Write Olive Tablet Company, Columbus, O.

## KNIGHTS AWAIT THE GRAND LODGE

Interesting Things Will Come up at K. of P. Meeting, Including Filling of One Office

HARRY WADE'S PLACE VACANT

New Keeper of Records And Seals Will be Elected.—Non-Payment of Dues Question

The Grand Lodge Convention Knights of Pythias, which will be held in Indianapolis, on October 4th and 5th, is one of the most important to the Order of the state that has been held in many years.

One of the first and most important questions to come before that body is the election of a Grand Keeper of Records and Seal. For more than fifteen years Harry Wade has held this office and has administered it in a most satisfactory and efficient manner. In addition to the duties of Grand Keeper of Records and Seal, the manager of the Knights of Pythias State building which is a million dollar proposition have employed the Grand Keeper of Records and Seal as superintendent and manager of that eleven story building.

The gross income of that building per annum, is about \$80,000, and to keep that building filled with tenants and manage the upkeep and running expenses of the same require high-class business qualifications. The combination of these two positions calls for a combination of fraternal and business judgement and skill. The membership of the state is now about 70,000. The candidates offering themselves for this position are: Joyne Monahan, a banker of Orleans, Arthur Lough of Greensburg, a banker, George Brunig of Indianapolis, now employed in the Insurance Department of the Order which is located in that building, and Robert A. Brown who is now the Grand Chancellor of the Order.

Another important matter that will be brought before the Grand Lodge is the instruction to the Supreme Representatives on the question of whether or not there shall be a tuberculosis sanitarium located at Albuquerque, New Mexico. This matter was before the supreme Lodge of the order at Winnipeg, Canada, last August a year ago, and it was referred to the various Grand Lodges of the different states for instruction to their Supreme Representatives as to what action the Supreme Lodge should take upon the subject.

In addition to these important matters, the question of loss of membership by non-payment of dues will be discussed and some action taken thereon. All fraternal societies of the country are confronted with this serious question. While initiations into the order are up to the standard, yet for some reason all secret orders have been suffering from members dropping out in large numbers on account of non-payment of dues. While it is the theory of the Order of Knights of Pythias that "once a Pythian, always a Pythian," yet there are certain dues that must be paid semi-annually in order to support the finances of the Order. Stipulated weekly sick benefits are paid by the Order of Knights of Pythias as in any other fraternal societies and to provide this fund and the other necessary expenses of subordinate and grand lodges and the Supreme Lodge requires prompt payment of these dues.

The Memorial exercises will be one of the most important held in the Grand Lodge session for the reason that during the past year a number of prominent members of the Order have passed to the great beyond. Among these was Union B. Hunt, whose home was at Winchester, Indiana, and who was prominent not only in the Order of Knights of Pythias, but in the state government and politics.

Red Cross Ball Blue gives double value for your money, goes twice as far as any other, don't put your money into any other.

## CAN THE YELL BE CAPITALIZED

University of Michigan Men Will Try to Make it Worth \$1,000,000 to Them

192 CITIES IN CAMPAIGN

Fund Will be Used to Erect Magnificent New Home For The Michigan Union

(By United Press.)

Ann Arbor, Mich., Oct. 4.—Can the battle cry of the Wolverine—the University of Michigan "yell"—be capitalized for \$1,000,000?

They're going to try to do it in 192 cities of the United States stretching from Maine to California and from Michigan to Florida. Forty-one thousand alumni of the University have been asked to help.

The million is to be used for the erection of a magnificent new home for the Michigan Union, the students organization.

At nine o'clock Saturday night 192 halls in as many cities in the country, the features of "Big Bill" Day, who until recently was judge for the Northern Ohio district, was flashed on canvass screens before thousands of assembled Michigan alumni. His hands were lifted in appeal. And simultaneously, from the throats of those former Michigans will come thundering the university yell. It signaled the formal opening of the campaign for the \$1,000,000 for the Michigan union.

Dr. Harry B. Hutchins, president of the university, by pressing an electric button in Ann Arbor, gave the signal for the opening of the meeting in all of the 192 cities. Immediately the movie man pictured Judge Day posed as cheer-leader, and the mighty nation-wide yell followed.

In preparation for the campaign Judge Day came to Ann Arbor several weeks ago. In the big Michigan stadium he led a big bunch of students in the varsity yell with as much "pep" and vigor as in the days when he was leader of the "Century Law" class of the university. Moving picture cameras, meantime, recorded every gesture and expression. These are the pictures that were shown at the alumni smokers.

Committeemen who have had charge of the campaign were confident that the full amount sought will be subscribed.

## INSURANCE POLICY HELD SUFFICIENT

B. A. Black Receives Letter From Secretary of Industrial Board Regarding Notification

INSURANCE CO. DOES WORK

B. A. Black is in receipt of a letter from the secretary of the state industrial board saying that it is the duty of the insurance company to file with the board a showing that all employers who have insured with its company have complied with the statute. The secretary did not say that in so many words, but it was the intent of the communication.

When Mr. Black read in the Daily Republican last Thursday that attention had been called to a clause in the law which said all employers accepting the workmen's compensation law's provisions should notify the board within thirty days from the taking effect of the act that they had properly insured themselves against accident.

The letter from the secretary of the board said that if Mr. Black had his insurance policy, that was all that was necessary because the insurance company would file with the board the employers had insured.

A Third Message

To the Business Men of Rushville

Prosperity and local pride are twins. They are born at the same time and grow up together. Enthusiasm for the home town is a great thing for local business men. Once developed, this feeling shows direct returns in more sales and bigger profits.

Have you ever seen a shabby town proud, or prosperous? Good paint is a powerful factor in keeping prosperity after a community has won it. We sell and recommend

**Eckstein White Lead**  
(Dutch Boy Painter Trade Mark)

as the base of "quality-first" paint. Put some "lead-and-oil" paint to work for you and your business. Call us up. We sell all good painting requisites.

**EDWARD CROSBY**

**THE HOUSEWIFE**

who buys pure foodstuffs seldom spends money on drugs and doctor bills.

Our Fernell brand of Canned Fruits, Vegetables, Coffee and everything in the fancy grocery line is the purest and best we can buy. From soup to nuts these goods excel. New Pack Fernell goods are arriving at our store every day. Special prices in case lots or by the dozen.

## GRAY IS INTO A MIGHTY MESS

Attempts to Explain to Boosters Club How Milton May Retain Its Two Rural Routes

SERVICE TO BE MOTORIZED

Congressman Says he Will Champion Cause But Don't Explain How he Expects to Get Results

Congressman Gray's troubles are increasing in Wayne county because of the order from Washington to motorize the rural routes of the county. A meeting was held at Milton and the Boosters club of that town invited the congressman from this district to explain why the order was made and why Milton was to lose its two rural routes. The same thing will happen to all small towns in other counties whenever the proposed change is put through. The official order from Washington calls for three routes at Cambridge City, two at Hagerstown and seven at Richmond, thus reducing the present number of routes—twenty-eight to twelve.

The routes will average 51 miles and each carrier will receive \$1,600. The change is to take place on November 16. Twelve motor vehicles will cover the entire country. Each of the twelve motor vehicles will start from the office at 7:15 o'clock except the two from Hagerstown, which will start at 8 o'clock in the morning all will be due back at 3 o'clock in the afternoon.

The examination of carriers will be held October 9, and all the present carriers will be required to take the examination.

A dispatch from Milton says that Congressman Gray told the Milton Boosters club that he thought Milton was entitled to at least one rural route and that he could be depended on to champion Milton's cause before the moguls of the postoffice department. Milton wants both its routes left there. Of course, such a thing is impossible when the number of routes is cut more than half in two.

"Just how he intended to go about serving Milton's interests in this matter Representative Gray neglected to explain," says the dispatch. "Also he ignored the charges which have been spread broadcast through the county recently that he had a hand in the issuance of the recent departmental order reducing the number of county rural routes."

"Inasmuch as this order also calls for the selection of carriers for the twelve re-districted routes at a civil service examination to be held in Richmond, Oct. 9, many astute Wayne county people have looked upon it as a scheme to supplant all Republican carriers with Democrats."

"Be that as it may, such talk was given no consideration by Mr. Gray in his address here last night. In fact he touched upon the delicate rural route question very briefly. Most of his address was devoted to a discussion of the American government system, his intense interest in the welfare of the people and a demand for the defeat of any movement destined to prevent farmers from working out their road taxes."

"It was evident, however, that the Milton Boosters club was not entirely satisfied with the assurances of Mr. Gray that Milton would be well taken care of in the redistricting of the county rural routes."

"James K. Mason, chairman of the club committee which has been working on this question, called upon by Chairman Doddridge for a report of his committee, bluntly stated that if Milton loses its two rural routes somebody was going to have to pay for the fiddler and dance to his music."

"Mr. Mason, who represented Wayne and Fayette counties in the Indiana house of representatives this year, declared that he had written to Postmaster General Burleson for information as to the treatment Milton could expect in the redistricting of routes."

Burleson had so far neglected to reply to the inquiry.

"Then Mr. Mason asserted that whoever was responsible for any unfair treatment of Milton in the rearrangement of the routes, would be ferreted out and his 'political hide hung up to dry' in Milton and Washington townships at least."

"Mr. Mason emphasized the fact that his committee had been unable to obtain the slightest confirmation of a report, believed to have originated in Cambridge City, that Richmond business interests had had a part in the redistricting of the county rural routes. He said he did not believe this report was worthy of consideration."

## Turns Out Large Amount of Khaki

England Now Making Enough to Equip 200,000 Men Each And Every Week it is Stated

NO "SLOWDOWN" ORDERS YET

London, Sept. 5: (By mail)—Some idea of the number of soldiers England has equipped or now is equipping may be gained by a survey of the work of the great British textile districts which shows that khaki to equip 200,000 men weekly is now being produced.

Two hundred miles of this yellow material, 56 inches wide are woven and dyed every seven days throughout the network of industries centered in Leeds and other Yorkshire cities. Government contract tailors on the various scenes are not far behind the mills in putting the cloth into uniforms.

For the past three months the difficult government problem of producing enough khaki to garb the latest recruits have been solved. The textile mills are still turning out their weekly quota and have not yet received a "slowdown" order from the war office.

From Manchester comes the huge quantities of cotton thread, lining and trimming materials for the soldier's uniform. Birmingham furnishes carloads of buttons, buckles and other metal pieces.

The number of persons engaged in this work is a small army in itself.

### FAIR EXCHANGE

A New Back For an Old One—How a Rushville Resident Made a Bad Back Strong

The back aches at times with a dull indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys and again the loins are so lame that to stoop is agony. No use to rub or apply a plaster to the back if the kidneys are weak. You cannot reach the cause. Follow the example of this Rushville citizen.

Charley Walker, 1023 N. Arthur St., Rushville, says: "I work where a lot of turpentine is used and it keeps my kidneys out of order more or less all the time. My back gives me the most trouble. It aches and is lame and stiff. The kidney secretions are too frequent in passage and highly colored. Not long ago, I decided to try Doan's Kidney Pills and got a box at Lytle's Drug Store. They surely helped me and considerably relieved the trouble. I have a lot of faith in Doan's Kidney Pills and expect to continue their use."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Walker had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement.)

## EXPERTS ADVISE A LATE SOWING

United States Department of Agriculture Says That is Way to Avoid Hessian Fly

EXPERIMENTS ARE MADE

Even This Plan Has Disadvantages Because Wheat May Not Get Start to Withstand Winter.

Sow winter wheat after the Hessian fly has disappeared and save next year's crop from the ravages of the pest, say the Department of Agriculture's experts. This advice may still be applied during the present month in the great wheat belt lying between the thirty-fifth and forty-first parallels of latitude. If the fly has been starved out by burning following April, when adults issue or disking all stubble and ruined wheat fields, and all volunteer wheat has been plowed under or otherwise destroyed, an infestation the following year may be prevented by sowing after the approximate fly-free date.

The Hessian fly of the second or fall generation is likely to infest all volunteer wheat and all wheat sown before the fly-free date. "Flaxseeds" of the second generation remain on the fall-sown wheat plants till the following April, when adults issue and produce young which begin another season of infestation. The adult flies of the second generation emerge from the "flaxseed" stage from the middle of August to late October, according to the latitude. The female fly does not live beyond 5 or 6 days, and thus it is that late sowing, after the flies have largely disappeared, is the most practical and effective method employed to control this pest.

According to experimental sowings carried on for a series of years, the approximate dates to sow winter wheat to avoid the Hessian fly during years of normal rainfall have been determined. There are some points with regard to these dates which all farmers within fly-infested districts must take into account. They should be familiar with the conditions of their own localities, as to weather, soil, and latitude. They should also be familiar with their own fields. Dry weather retards the development of the fly and also that of the most important of its natural enemies, precisely as it retards the coming up of the wheat if it be sown in very dry soil and without suffi-

cient rainfall. There is also an approximate difference of about one day to each 100 feet of elevation.

There is, of course, a serious objection to the late sowing method to control the Hessian fly, and that is the danger that the plants will not make sufficient growth to withstand the winter. This objection, however, may be largely overcome by proper cultural methods. Much of the delay in the growth of late-sown plants in the fall can be eliminated by paying close attention to the preparation of the soil and to the quality of the seed. The best advice that can be given is to begin the preparation of the field in the fall precisely as though it was expected to sow at a very early date, but instead of sowing use the disk harrow and the roller, even after it appears to be a waste of labor to till the field further.

When a finely pulverized, compact seed bed has been secured, the seed should be selected, and this should be done with the point in view that unnaturally shriveled or otherwise imperfect kernels can not produce healthy wheat plants. When the kernel sprouts it at once sends fibrous roots down into the soil from which to draw nourishment for the young plant, and if little or no nourishment is secured the wheat plants are put into somewhat the condition of stunted calves, pigs, or other farm animals which are underfed.

Wheat plants can not secure prompt and ample nourishment if the roots must make their way about among clods due to poor preparation of the soil, or in soil that lacks in fertility. The farmer, then, should begin the preparation of his soil with the object of delaying the sowing of the wheat and afterwards of pushing the growth of the plant to the utmost until the beginning of the cold weather.

## SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the gold of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive, makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

# TIME LIMIT ON ULTIMATUM UP

Russia Gives Bulgaria Until This  
Afternoon to Decide Whether  
She Will Enter War

DECLARATION IS EXPECTED

Czar Will Likely Cause Thirteenth  
Power to Enter Great Conflict

by Tomorrow

BY ED L. KEENE  
(U. P. Staff Correspondent.)  
London, Oct. 4.—The time limit set  
by Russia in her ultimatum expired  
at two o'clock this afternoon, Lon-  
don time. At that hour Czar Ferdi-  
nand's intentions were not known in  
London. It is possible that the ul-  
timatum expired without an answer  
and that the Russian minister and  
his staff already have departed from  
the Bulgarian capital.  
Petrograd dispatches earlier to-  
day asserted that Russia would ac-  
cept nothing but a complete back-  
down from Bulgaria.  
Russia still hopes that war may

be averted, even following the with-  
drawal of her minister. This hope  
is based on the possibility that the  
Bulgarian cabinet may change its  
policy when it realizes the allies  
mean war.

Russia is expected to declare war  
on Bulgaria tomorrow, bringing the  
thirteenth European power into the  
great conflict.

The Russian ultimatum to Bulgar-  
ia expires at 4 p. m. today, Petro-  
grad time.

Bulgaria, it is believed here,  
either will ignore it or answer with  
an evasion. The czar's minister to  
Sofia has made preparations to leave  
Sofia for Petrograd tonight. A  
Petrograd dispatch said he had made  
arrangements to have the business  
of his legation taken over by a  
neutral power.

## NO VICTORIES CLAIMED

French, However, Assert German  
Attacks Were Repulsed

(By United Press.)

Paris, Oct. 4.—The French con-  
tinue to make progress north of  
Arras, this afternoon's statement  
from the war office said.

The war office made no claim to  
important success in the Champagne  
region, but asserted that all German  
attacks on that front had been re-  
pulsed.

## RUSSIAN VESSELS APPEAR

(By United Press.)

Salonika, Oct. 4.—Two powerful  
Russian squadrons have appeared  
on the Bulgarian Black Sea port of  
Varna, according to dispatches re-  
ceived here today.

## GERMAN AID STORY DENIED

(By United Press.)

Sofia, Oct. 4.—The Bulgarian  
news agency today announced that  
it has been authorized by the gov-  
ernment to deny that German offi-  
cers have arrived in Bulgaria to  
participate in the administration of  
the railways and the command of  
the army.

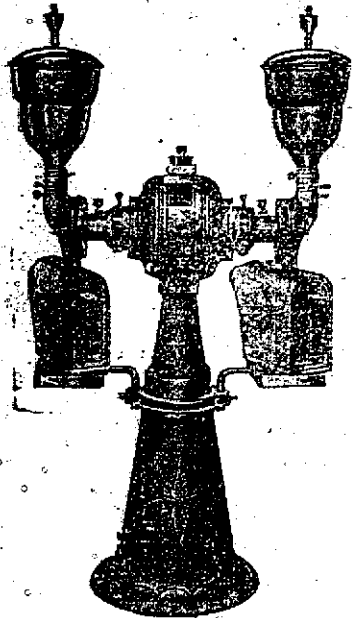

## TAGGART'S NAME IS BROUGHT IN

Continued from Page 1.

acts that made Terre Haute elec-  
tions notorious.

But the sensations of the trial  
will come before the trial is over if  
the intentions of the defense lawyers  
is carried out. Gas helmets may be  
in demand if Attorney Ryan carries  
out his threat of evidence smelling  
of burnt rubber.

Some of the sensational evidence  
indicated by Ryan was personal at-  
tack on the county prosecutor, a  
threat to show up an alleged dire  
influence back of the prosecution  
and an attempt to prove that the

FRED COCHRAN

Phone 1148

We give 25¢ Stamps

At the PRINCESS TONIGHT

state conducted a school for per-  
jury.

Speaking of sensational evidence,  
defense lawyers have said that the  
trial of the Terre Haute conspira-  
tors in federal court here took the  
edge off anything in the way of elec-  
tion corruption that could be pro-  
duced in any other Indiana city.  
They are known to consider this  
more or less of a misfortune.

At this distance it may safely be  
said that the defense will attack the  
credibility of a good portion of the  
state's witnesses. It will offer an-  
other story of the election in which  
the defendant, as Attorney Ryan  
said "only used his influence for  
good as he always has done."

Thus far there has been nothing  
in the evidence offered by the state  
to indicate that it will place Dave  
(Bat) Masterson on the stand, in-  
stead of ever intended to do so. The

only way in which the Terre Haute  
man has been brought into this case  
was in Ryan's opening address, in  
which he said Masterson was the  
"dean" of the "school for perjury"  
which, he said, the state had estab-  
lished in tents along the Ohio river.  
Ryan described Masterson as "the  
gunman who shot up the home of an  
election judge in Terre Haute."

### MARLATT'S MOVE HERE

(Connersville News)

Mrs. A. N. Marlatt and daughter,  
Miss Mary, and sons, Earl and Er-  
nest, who for many years have made  
Connersville their place of residence  
will on Monday leave for Rushville,  
where they will make their future  
home. The Marlatt family has for  
many years been prominent in so-  
cial, religious and educational circles  
here, and their departure will be  
considered a sincere loss by their  
many friends.

### WILSON TO SEE GAME

(By United Press.)

Washington, Oct. 4.—President  
Wilson today wired for seats at the  
second game of the world series be-  
tween the Philadelphia and Boston  
teams in Philadelphia next Satur-  
day.

### WORKMEN WALK OUT

(By United Press.)

Schenectady, N. Y., Oct. 4.—Be-  
tween four and five thousand men  
left their work at the General  
Electric company's plant today.  
They included both organized and  
unorganized machinists.

### ARLINGTON MEN FINED

Jesse Price and a man named  
Coover of Arlington were arrested  
here Saturday night on charges of  
public intoxication. They both made  
arrangements to pay their fines this  
morning and were released. The  
fines in both cases amount to one  
dollar and costs.

### COMMISSIONERS MEET

The county commissioners met in  
regular session this afternoon, but  
did nothing except to allow the us-  
ual claims. The board will likely  
meet again Tuesday.

Mrs. Jonathan Binford, who is in  
a critical condition at her home in  
Carthage, suffering from progressive  
paralysis, was not much improved  
today.

The township trustees, comprising  
the board of education, were in ses-  
sion this afternoon in the office of  
County Superintendent C. M. George.  
Only the usual business was to be  
transacted.

### STATED CONVOCATION

Rush Chapter No. 24, Roy-  
al Arch Masons, will hold a  
stated convocation in the  
Masonic Temple this evening at 5  
o'clock. Business of importance  
will be considered. Companions are  
urged to be present.

# What to Wear in Coats

**Y**OU'LL soon want to choose your coat for fall  
and winter. Knowing the correct style features  
for the season will make it so much easier to  
choose right.

You'll find not only correct style, but the added  
value of superior quality and tailoring in these Wooltex coats.

Thirty-four years of coat designing and tailoring experience are  
back of coats that bear the Wooltex label. They lead America. They  
combine the best style ideas of the world's great fashion centers—Paris,  
London, New York and Cleveland.

## Fashion says coats must have certain style features

- See them in the coats**  
Your coat must show the natural lines of the figure, but without being tightly fitted. Or, it must hang loosely from the shoulders and may be loosely belted. Coats of either general style are smartly flaring from waist downward.
- Belts in novel effects**  
Belts were never so stylish. Belts all around or short belt effects at sides or across the front, are artistically used to add to the dressy effect of the whole coat.
- Fabrics are greatly varied**  
Rough fabrics in solid colors, two-tone combinations of cloth and trimmings, and Scotch mixtures have come Fashion's stamp of approval. One of the decidedly fashionable coatings is Pompadour cloth, to be found only in the Wooltex Pompadour coats.
- Collars of plush, cloth or fur**  
High, straight collars of plush or fur are ultra fashionable. Bands to match encircle the cuffs and lower edge. Self cloth collars are convertible, and may be worn low if desired. Revers are wide.

**PURE** wool materials tested by experts,  
and custom quality tailoring support  
correct style in every Wooltex coat.

No matter how many seasons you choose  
to wear your Wooltex coat, it stays good  
looking. It is refined, genteel—the ideal  
for a gentlewoman.

The variety of models, in many cloths  
and colors, makes it easy to select one that

is becoming to you. At \$16.50, \$20, \$25,  
\$30 and upwards, we have Wooltex coats to  
suit your figure, your tastes and your purse.

All the coats pictured here are Wooltex  
coats. We invite you to see them this  
week. Try on a few; see what is correct  
and fashionable. Now is the ideal time to  
make your selection, while the assortment  
is so complete.

Wooltex Coats at \$16.50 to \$45  
Suits at \$25 to \$65  
Skirts at \$5 to \$15
